## NARRATIVE REPORT 2022/23

This report seeks to provide a summary and a straightforward explanation of, often complicated, local government finance arrangements. It aims to summarise the key events during the year, their associated financial impact and make the Financial Statements easier to understand. The Narrative Report, together with the Annual Governance Statement and the auditor's report, are outside the scope of the formal Accounts, but all the documents constitute the Council's Financial Report for 2022/23.

The Narrative Report and the detailed accounts aim to provide information to members of the public; electors and residents of the district; council members; partners; stakeholders and other interested parties so that they can:

- understand the financial position of the Council and its outturn for 2022/23.
- have confidence that the public money with which the Council has been entrusted has been used and accounted for in an appropriate manner.
- be assured that the financial position of the Council is secure.

To assist readers in understanding the financial position of South Holland District Council, the Narrative Report is structured to provide additional information in the following sections:

- An explanation of the Financial Statements
- The way we achieve best value for council taxpayers' money through effective Financial Management
- Information about South Holland as a place
- Information about the Councils structure and management
- A summary of Performance for the Council 2022/23
- Overview of the Council's finances
- Future financial challenges that the Council faces

The Statement of Accounts were unfortunately not produced within the statutory deadlines set out in the Accounts and Audit Regulations 2015 due to significant resourcing issues and delays.

The Council's approach to finance continues to evolve, developing the self-service nature of financial/service management in all operations whilst seeking to advance business partnering skills for services and particularly those undertaking service review or transformation programmes. This working model also supports current, and future, changes in the Council as it strives to increase income, reduce costs, manage demand, transform working practices, introduce innovation and maintain performance.

The Narrative Report aims to give a clear picture of the Statement of Accounts and shows how Council Tax, and other sources of income are used to provide the full range of Council Services. The Financial Statements are required to be prepared in line with International Financial Reporting Standards (IFRS) meaning that the Council's Accounts are prepared on a similar basis to those produced in other sectors of the economy.

## 1. The Statement of Accounts

The accounts are available on the Council's website at www.sholland.gov.uk.

The Statements for the Council have been prepared on the going concern accounting basis, i.e., on the assumption that the functions of the authority will continue in operational existence for the foreseeable future. This assessment is based in part on the sound financial position of the Council in particular:

- the establishment of a balanced budget for 2023/24 with an embedded programme of service reviews, innovation, transformation, efficiency, income generation aimed at delivering ongoing savings,
- the Council has sufficient resources to meet its immediate financial commitments and
- has robust governance arrangements in place.

The Statement of Accounts sets out the Council's income and expenditure for the year, and its financial position at 31 March 2023. It comprises core and supplementary statements, together with disclosure notes. The format and content of the financial statements is prescribed by the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2022/23, which in turn is underpinned by International Financial Reporting Standards.

The main financial statements are:

- The Comprehensive Income and Expenditure Statement which records the Council's income and expenditure for the year. The top half of the statement provides an analysis by Assistant Director area. The bottom half of the statement deals with corporate transactions and funding.
- The Movement in Reserves Statement that is a summary of the changes to the Council's reserves over the course of the year. The reserves are either "usable", which can be applied to fund expenditure or reduce local taxation, or "unusable" which must be set aside for specific purposes in the future.
- The Balance Sheet which is a "snapshot" of the Council's assets, liabilities, cash balances and reserves at the end of the year.
- The Cash Flow Statement which shows the reason for changes in the Council's cash balances during the year.
- Accounting Policies that explain the basis of the figures presented in the accounts.
- Notes to the Accounts that provide further detail relating to items in the main financial statements, assumptions made about the future and major estimations made.
- The Expenditure and Funding Analysis that shows how annual expenditure is used and funded from resources (government grants, council tax and business rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the Council's services.

The Supplementary Financial Statements are:

- The Collection Fund which reflects the statutory requirement for the Council to maintain a separate account providing details of receipts of Council Tax and Business Rates, and any associated payments to precepting authorities, and the Government.
- The Housing Revenue Account which reflects the statutory requirement for the Council to maintain a separate account providing details of receipts of housing rents and other housing related income, and any associated expenditure on the administration of the housing stock and repairs to it.

The Council has produced Group Accounts for 2022/23, consisting of a Comprehensive Income and Expenditure Statement, Movement in Reserves Statement, Balance Sheet and Cash Flow Statement, consolidating the transactions relating to the council's subsidiary companies Welland Homes and South Holland Homes together with its share of Public Sector Partnership Services Limited (PSPSL), which is accounted for as an associate.

The Annual Governance Statement sets out the Council's approach to corporate governance and how it manages its governance arrangements in accordance with the Code of Governance.

A Glossary of key terms can be found at the end of this publication.

## Financial Management

The Council remains committed to delivering the quality frontline services which its residents want, and which will deliver the Council's corporate priorities. Effective financial management at both corporate and service levels is a key to achieving this particularly in a period when the Councils' resources are reducing and likely to continue to do so.

The Council's approach to these challenges is set out in the 2022/23 Budget and the Medium-Term Financial Plan, approved by Council on 3 March 2022. These presented a balanced position after a wide-ranging review of activities and proactively sought reductions in costs and more efficient ways of working to ensure the Councils position remained stable. Within the capital programme, funding has been allocated to support growth in the district, specifically for commercial investments, more affordable housing, investment in new technology and improvements to private sector housing.

The council achieves effective financial management through:

- Regular and informative financial management reports aligned to service performance.
- Sound financial practices across the Council.
- Ensuring that money raised from public taxation is used efficiently and effectively to meet local needs and priorities.
- Ensuring that the Medium-Term Financial plan projections are robust, appropriate and deliverable, so that services can be maintained at the highest quality possible despite the substantial contraction that is projected to take place in both revenue and capital budgets.
- Continuing Organisational Development which aims to reduce revenue costs and increase income in order to meet the ongoing financial challenges that the Council faces.
- Building on the South and East Lincolnshire Councils Partnership (S&ELCP) entered into during the second half of the year to ensure best use of taxpayer resources to deliver Council services.

The Government's transparency agenda encourages local authorities to make public data openly available. Details of transparency items such as the Council's spend on items over £500, contracts and pay, and benefits for senior officers can be found on the Council's website:

#### https://www.sholland.gov.uk/article/5272/Transparency

## 2. Our District

Surrounded by wide open countryside, the district of South Holland encompasses the flat fenlands of South East Lincolnshire, characterised by big skies and fertile land that was reclaimed from the sea over many centuries. Once renowned for its tulip industry, it is now recognised nationally as the hub of the UK agriculture, food manufacturing and logistics sectors. South Holland is a welcoming place of thriving local communities offering great schools, a quality of life well above the national average and broad ranges of high quality family and starter homes. It is a district with a unique history and an exciting future.

Our traditional market towns and villages retain the historic character that is unique to Lincolnshire. Our proud heritage, stretching back to Roman times, is displayed for all to see, from historic windmills to our modern day flower industry, with the fens and drains in between. The main towns and population centres of Spalding, Crowland, Holbeach, Donington, Long Sutton and Sutton Bridge all feature strong community identities and activities, matched by thriving business and industry. The population is expanding healthily there are now 92,500 residents in the area with estimates that the population will reach 105,400 by 2041.

The continued success of major industries such as agriculture, horticulture, food processing, packaging and distribution, together with related commercial support services, is testament to the skills base, education and support for entrepreneurs. This success is reflected in an increasing demand for high quality housing, commercial developments and business support facilities.

South Holland District Council is at the forefront of innovative schemes to develop high quality affordable homes for purchase, shared ownership and rent.

# 3. South Holland District Council

## **Organisational Structure**

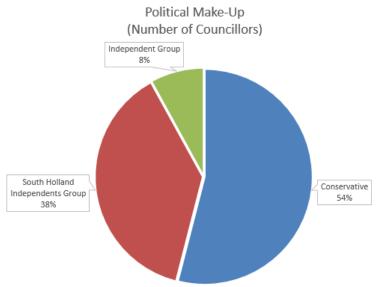

The Council, together with its partner organisations and external contractors, delivers a wide range of services to our residents, businesses and visitors.

The Council is organised into four directorates:

- Communities dealing with Wellbeing and Community Leadership, Regulatory, Leisure and Culture and Neighbourhoods
- Corporate development dealing with Corporate Strategy, Finance, Governance and Housing
- Growth dealing with Economic Growth, Planning and Strategic Infrastructure and Strategic Growth and Development
- Programme Delivery dealing with Strategic Projects and General Fund Assets

## Political structure

South Holland has 18 electoral wards, and the Council consists of 37 councillors. The political makeup of the Council at the end of the year was:

South Holland District Council is a forward-thinking, entrepreneurial, and innovative authority, which continues to strive for excellence and deliver great value for money for its residents, whilst making the most of the huge opportunities for economic growth in the district.

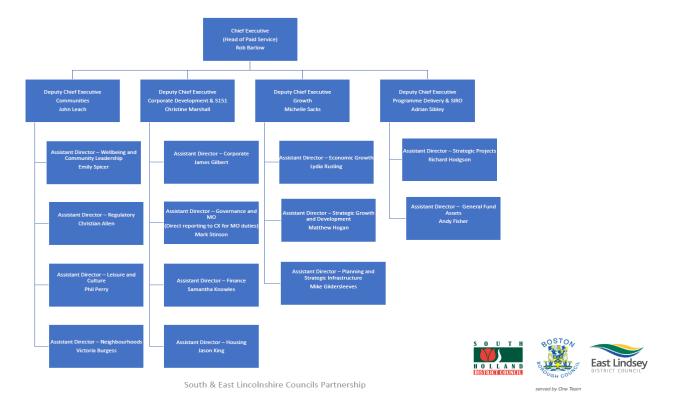

The Council has adopted the Leader and Executive model as its political management structure arising from the Local Government and Public Involvement in Health Act 2007. The Leader of the Council has responsibility for the appointment of Members of the Cabinet, the allocation of Portfolios and the delegation of Cabinet Functions.

All Councillors meet as the Council, here councillors decide the Council's overall policies and set the budget and council tax each year. The Council holds to account the Cabinet and Committees. The Cabinet is made up of the Leader, Deputy Leader and Portfolio Holders, each Portfolio Holder has specific responsibilities over an area of the Council's activities.

Cabinet Members are held to account by a system of scrutiny, which is also set out in the Constitution. Scrutiny of Cabinet decisions for 2022/23, including the setting of a balanced budget for 2023/24, has been undertaken by the two scrutiny committees in a joint meeting of the Policy Development Panel and Performance Management Panel.

## Staffing

The South and East Lincolnshire Councils Partnership (Boston Borough Council, East Lindsey District Council and South Holland District Council) launched on 1 October 2021. This created the senior management structure for the three authorities shown below. This has led to each of the Councils saving money on their previous arrangements and has created opportunity for greater cross working and to drive out further efficiencies going forward such as procurement, knowledge sharing and creating a greater voice for south and east Lincolnshire on the national stage.

## 4. Council Priorities, Corporate Strategy and Performance

South Holland District Council's Corporate Plan set out the direction of travel from 2019 to 2023 and is available on the Council's website:

https://www.sholland.gov.uk/media/15826/SHDC-Corporate-Plan-2019-2023/pdf/approved\_corporate\_plan\_2019-2023\_26-02-20.pdf?m=637393249831130000

It identifies where the Council will focus its efforts and resources to improve the area for its community. The Council is ambitious for the District. South Holland wants to be a Council that is looking to the future in a fast changing local, international and global environment. It is known that it is highly likely that the Council will need to adapt and flex in order to achieve its aims, but it is important to set out clearly where the Council wants to get to.

The Strategy focuses on five priorities:

- 1. Your Home
- 2. Your Place
- 3. Your Health & Wellbeing
- 4. Your Opportunity
- 5. Our Council

The Council has reviewed its Corporate Plan and with Boston Borough Council and East Lindsey District Council and has created a single Sub-regional Strategy setting out the Partnership priorities, as well as those priorities specific to South Holland district.

## How South Holland District Council performed in 2022/23

The Council proactively monitors delivery of its services through a number of Key Performance Indicators (KPIs) which are linked to priorities within the Corporate Plan. The KPIs are monitored by the Council's Insights and Transformation Team and reported to Management Team on a quarterly basis and to the Council's Cabinet and Scrutiny Committee on a quarterly basis. In 2022/23 the Council monitored a total of 26 KPIs. Out of the 65 KPIs there were 26 KPI's meeting or exceeding their target, 1 slightly below target, 6 under-performing and 1 where data was unable to be provided. The remaining 31 are data only and do not have associated targets.

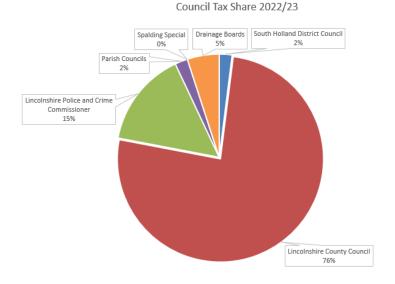

In 2022/23 the Council delivered the following actions from the Annual Delivery Plan:

- Secured £20m from the Levelling Up Fund for enhanced leisure provision
- The Council adopted a Climate Change Strategy, Single Use Waste Policy and formed a Climate Action Network with Boston and East Lindsey Councils.
- The Council adopted a Community Safety Strategy.
- The Council has invested in a number of assets including Daffodil Walk and created Changing Places toilets.
- The Council has established an Environmental Crime contract to address fly tipping and other environmental crimes.
- The Council adopted a Health and Wellbeing Strategy to help improve the wellbeing of the community

## 5. Financial Performance

## Council Tax

As set out below the District Council as the Billing Authority collects the council tax for the County Council, the Lincolnshire Police Authority and Parish Councils, also illustrated is the proportion relating to the Internal Drainage Boards.

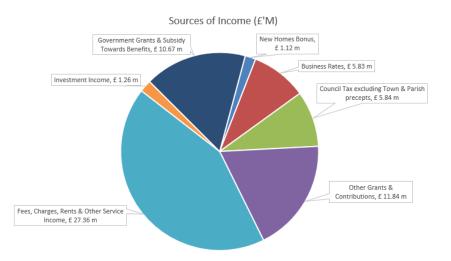

## Where the Money Came From

South Holland receives income from many sources, as shown in the chart below. Income is received from council tax received from taxpayers levied by the Council for South Holland.

£24.5m of the income was from government funding through large grants and subsidies, a further £1.7m was from other grants and contributions.

Council Tax receipts totalled £5.8m. A total of £27.4m was received from fees, charges, rents and other service income. Income from investments and interest totalled £1.3m.

## How the money was spent

The pie chart below shows how the money was spent by Assistant Director area.

Rent Allowances and Rebates is included with Finance, and includes only costs relating to the actual Housing Benefits provided, they do not include any staffing or other related costs. These benefits are funded from Government grants as can be seen from the "where the money came from" pie chart.

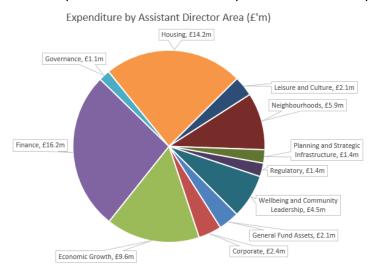

Running expenses and employee expenditure are included as part of the Assistant Director expenditure items.

Running expenses include costs relating to:

- Premises such as rents, rates, electricity, water and similar
- Transport such as cars, fares and similar
- Supplies and services such as equipment, telephones, hired services and similar
- Contract payments for services provided by external contractors

Employee's expenditure includes costs relating to:

• Staffing – such as salaries, pensions, additional staff, professional subscriptions and similar costs.

## **Financial Performance**

The Management Accounts below show the Council's actual financial performance for the year compared to the budget. Further information can be found in the Expenditure and Funding Analysis (Note 6).

## **General Fund**

The full year outturn delivered an over budget spend of £0.850m as a result of the numbers of people seeking assistance for homelessness and where a duty applies has remained consistently above projected levels this year. This coupled with impact of increases in fuel and utility costs had further impact on the outturn. The table below shows the outturn position reported to Cabinet:

| Assistant Director Area                                     | Revised<br>Budget<br>2022/23 | Outturn<br>2022/23 | Variance<br>(underspend)/<br>overspend |
|---|------------------------------|--------------------|--|
|   | £'000                        | £'000              | £'000                                  |
| Corporate   | 2,353                        | 2,404              | 51                                     |
| Finance   | 2,399                        | 2,346              | (53)                                   |
| General Fund Assets   | 616                          | 971                | 355                                    |
| Governance  | 1,090                        | 1,084              | (6)                                    |
| Leisure & Culture   | 766                          | 1,015              | 249                                    |
| Neighbourhoods  | 3,625                        | 4,028              | 403                                    |
| Planning & Strategic Infrastructure                         | 206                          | (99)               | (305)                                  |
| Regulatory  | 580                          | 546                | (34)                                   |
| Strategic Growth & Development                              | 293                          | 508                | 215                                    |
| Strategic Projects  | 194                          | 146                | (48)                                   |
| Wellbeing & Community Leadership                            | 947                          | 1,316              | 369                                    |

The 2022/23 capital budget planned to be spent on programmes in the year (excluding South Western Relief Road) has not been fully utilised as these programmes are still in progress and therefore, the budgets are required for commitments to complete the programmes outlined in the Council's 5 year Capital Programme 2022/23-2027/28. An analysis of non-current assets and funding of the capital expenditure is shown in notes 13-17 and 35.

The South Western Relief Road is a project managed by Lincolnshire County Council, for which the spend is funded by grants.

## Collection Fund financial performance

The balance on the Council Tax Collection Fund at 31 March 2023 showed a £0.381m surplus. This was shared between the District, Lincolnshire County Council and Lincolnshire Police and Crime Commissioner in proportion with each authority's relative precept. This surplus has resulted from a higher than budgeted tax base, SHDC's share is £0.045m.

The balance on the NNDR Collection Fund at 31 March 2023 showed a £2.474m surplus. This will be shared between the District, Lincolnshire County Council and the Government in proportion with each party's relative proportionate share. SHDC's share is £0.990m.

## **Reserves and balances**

The net decrease in specific and general reserves and balances for 2022/23 was £1.407m. The table below shows the balances at 31 March 2023 by reserve:

| Specific and General Reserves Balance |                                      |   |                             |                                       |  |  |  |  |

The HRA contribution into reserves is the HRA surplus for the year, and the Major Repairs Reserve contribution into reserves is the Depreciation charge for the year. The use of reserves is financing the HRA Capital Programme. There are no other movements in reserves.

Further information on reserves can be found in the Movement in Reserves Statement and Note 24 to the Financial Statements.

#### Pension fund

The accounts and notes with relation to the pension fund have been prepared in accordance with International Accounting Standard (IAS) 19. South Holland's Pension Fund liability included in the Balance Sheet as at 31 March 2023 stands at £1.525m compared with £28.174m the previous year, this represents the liability to the Lincolnshire Pension Fund. This amount is matched by a pension reserve also shown in the Balance Sheet and therefore has no impact on the Council's overall financial position at 31 March 2023. The IAS 19 Balance Sheet position for the Council shows a reduced obligation and the net liability to the Council under IAS 19 pension deficit is higher in monetary terms at 31 March 2023. The actuary uses a set of demographic assumptions that are consistent with those used for the Lincolnshire Pension Fund. These are highlighted in note 36. Following the results of the triennial review in 2022, the Council's budget includes both a pension contribution percentage and also a lump sum payment each year which is forecast to bring the pension scheme into a fully funded position over a 20-year term.

## Cash flows

Investments held by the Council are used to fund day to day cash flow requirements, and achieving a return on investments helps to support the low levels of council tax, support the reserves expenditure and to fund capital expenditure. Short term investments maturing in 2022/23 and long term investments mature beyond this or are open-ended.

Capital spend will reduce the cash held, however the Council does not currently have a need to borrow over the medium term. The Council's overall Capital Financing Requirement (CFR) which details the Council's underlying need to borrow can be found at Note 33.

There were no significant provisions, contingencies or write offs during the year. Full details on provisions and contingencies can be found at Note 22. However, appeals from Business Rates (NNDR) continue to be a risk to the Council.

## 6. Current economic climate, outlook and risk

The creation of the 2023/24 and 2024/25 budget has been challenging. It has been set within a background of unprecedented inflationary pressures with Internal Drainage Board precepts again significantly increasing and continued changes in resident, customer and business needs. Despite these issues the Council's financial position means that it is well placed and able to take a considered approach to mitigating these exceptional challenges. The Government has provided a one-year settlement which has taken some uncertainty away regarding certain grants, however, the uncertainty remains significant and into the mediumterm. South Holland District Council remains sovereign in terms of its constitution and budget, as do the Councils we partner with, and our SHDC priorities are to ensure that the Council remains financially resilient, able to deliver services it has to by law, and to provide support to the district's most vulnerable residents. Secondly, to continue the process of redressing the imbalances still being felt from the pandemic by appropriately focussing on the provision of financial support to underpin economic recovery for the district and seeking to invest in our places. Work to develop new opportunities, efficiencies and income streams to support the Council's revenue budget has continued. The Council had made representations regarding the Internal Drainage Board pressures and some initial one-off funding has been awarded. An internal Innovation, Transformation and Efficiency Board has been established to give oversight, support and steer to new opportunities and this board will oversee the efficiency targets for the Council.

The Council remains in a good financial position over the medium term, with significant plans for transformation, capital spend and reviewing the potential for more efficient delivery of services as well as investment in its communities. The Council needs to deal with any changes in funding levels resulting from any Fair Funding review or changes to Business Rates Retention with a measured and planned approach. The Medium Term Financial Plan (MTFP) provides information on the Councils budget, transformation programme and reserves and can be found on the Council's website:

https://democracy.sholland.gov.uk/documents/s34993/Appendix%20A%20-

%20Final%20Budget%202022.23%20and%20Medium%20Term%20Financial%20Strategy%202022.23%2 0to%202026.27.pdf

The current level of reserves held by the Council is considered adequate to withstand current pressures and to invest in transformation projects, it is accepted that it would not be financially sustainable to rely on these reserves to continue to fund the reduction in Central Government funding.

## Key Risks

The internal Performance, Risk and Audit Board reviews updates on corporate and operational risks on a quarterly basis and takes any remedial actions as necessary (for example, escalation to the Senior Leadership Team (SLT) or Governance and Audit committee). Quarterly updates on the corporate risk register are provided to both SLT and the Governance and Audit Committee. The Governance and Audit Committee is responsible for monitoring the arrangements in place for identification, monitoring and management of strategic risk.

## Future Opportunities

The Council is always looking for new opportunities, such as through the South and East Lincolnshire Council Partnership, working with its key partner PSPS Ltd for service improvements, better procurement and cost reductions through digitalisation of services, etc. All opportunities will be examined on their own merits and detailed business cases completed if the opportunity is considered worthy of implementation.

Further information on the Statement of Accounts is available from Public Sector Partnership Services Ltd (formerly Compass Point Business Services), who provide all financial services for the Council. This is available as follows:

- In writing to Financial Services, Council Offices, Priory Road, Spalding, Lincolnshire PE11 2XE.
- By telephone 01775 761161
- By e-mail to Customer Services at info@sholland.gov.uk

# GA Maishall.

Christine Marshall, Deputy Chief Executive Corporate Development and Section 151 Officer

## STATEMENT OF RESPONSIBILITIES

## The Council's Responsibilities

The Council is required to:

- make arrangements for the proper administration of its financial affairs and to ensure that one of its
  officers has the responsibility for the administration of those affairs. In this Council, that officer is the
  Deputy Chief Executive Corporate Development (S151)
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets
- approve the Financial Statements, delegated to the Governance and Audit Committee.

## The Chief Financial Officer's Responsibilities

The Chief Financial Officer is responsible for the preparation of the Council's Financial Statements in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom (the Code).* 

In preparing the Financial Statements, the Chief Financial Officer has:

- selected suitable accounting policies and then applied them consistently
- made judgements and estimates that were reasonable and prudent
- complied with the local authority Code
- kept proper accounting records which were up to date and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

## Certification by the Chief Financial Officer

I hereby certify that the unaudited Financial Statements give a 'true and fair' view of the financial position of the Council at the reporting date and of its expenditure and income for the year ended 31 March 2023.

GA Marshall

Christine Marshall Deputy Chief Executive Corporate Development & S151 Officer

Dated: 18 July 2024

## COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

The Comprehensive Income and Expenditure Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation (or rents). The Council raises taxation and rents to cover expenditure in accordance with statutory requirements; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis and the Movement in Reserves Statement.

The notes to the accounts on pages 23 - 84 form an integral part of the Financial Statements.

## **MOVEMENT IN RESERVES STATEMENT**

The Movement in Reserves Statement shows the movement from the start of the year to the end on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other 'unusable reserves'. The Statement shows how the movements in year of the Council's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable to council tax (or rents) for the year. The Net Increase/Decrease line shows the statutory General Fund Balance and Housing Revenue Account Balance movements in the year following those adjustments.

## **BALANCE SHEET**

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves are usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

## CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital to the Council.

## NOTES TO THE ACCOUNTS

## NOTE 1 – ACCOUNTING POLICIES

## 1. General Principles

The Financial Statements summarise the Council's transactions for the 2022/23 financial year and its position at the year end of 31 March 2023. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2015, which require the accounts to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2022/23, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Financial Statements is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

## 2. Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from contracts with service recipients, whether for services or the provision of goods, is
  recognised when (or as) the goods or services are transferred to the service recipient in accordance
  with the performance obligations in the contract.
- Supplies are recorded as expenditure when they are consumed where there is a gap between the
  date supplies are received and their consumption; they are not carried as inventories on the Balance
  Sheet due to their immateriality.
- Expenses in relation to services received, including services provided by employees, are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount, where considered material, is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

## 3. Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

## 4. Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

## 5. Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- depreciation attributable to the assets used by the relevant service
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- amortisation of intangible assets attributable to the service

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisation. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the Council in accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisation are therefore replaced by the contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

## 6. Council Tax and Non-Domestic Rates

Billing authorities act as agents, collecting council tax and non-domestic rates (NDR) on behalf of the major preceptors (including government for NDR) and, as principals, collecting council tax and NDR for themselves. Billing authorities are required by statute to maintain a separate fund (i.e. the Collection Fund) for the collection and distribution of amounts due in respect of council tax and NDR. Under the legislative framework for the Collection Fund, billing authorities, major preceptors and central government share proportionately the risks and rewards that the amount of council tax and NDR collected could be less or more than predicted.

#### Accounting for Council Tax and NDR

The council tax and NDR income included in the Comprehensive Income and Expenditure Statement is the Council's share of accrued income for the year. However, regulations determine the amount of council tax and NDR that must be included in the Council's General Fund. Therefore, the difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement.

The Balance Sheet includes the Council's share of the end of year balances in respect of council tax and NDR relating to arrears, impairment allowances for doubtful debts, overpayments and prepayments and appeals.

## 7. Employee Benefits

## Benefits Payable during Employment

Short term employee benefits are those due to be settled wholly within 12 months of the year end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements, or any form of leave e.g. time off in lieu, earned by employees but not taken before the year end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday entitlements are charged to revenue in the financial year in which the holiday absence occurs.

#### **Termination Benefits**

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy in exchange for those benefits and are charged on an accruals basis to the appropriate service segment or, where applicable, to a corporate service segment at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund Balance and Housing Revenue Balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year end.

#### Post-Employment Benefits

Employees of the Council are members of the Local Government Pension Scheme, administered by Lincolnshire County Council. The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Council.

#### The Local Government Pension Scheme

The Local Government Pension Scheme is accounted for as a defined benefits scheme:

The liabilities of the Lincolnshire County Council pension fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of projected earnings for current employees.

Liabilities are discounted to their value at current prices, using a discount rate of 4.8% (2.6% in 2021/22), based on the indicative rate of return on high quality corporate bonds.

The assets of the Lincolnshire County Council pension fund attributable to the Council are included in the Balance Sheet at their fair value:

- quoted securities current bid price
- unquoted securities professional estimate
- unitised securities current bid price
- property market value.

The change in the net pension liability is analysed into the following components:

#### Service Cost comprising:

- current service cost the increase in liabilities as a result of years of service earned this year allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked
- past service cost the increase in liabilities as a result of a scheme amendment or curtailment whose
  effect relates to years of service earned in earlier years debited to the Surplus or Deficit on the
  Provision of Services in the Comprehensive Income and Expenditure Statement
- net interest on the net defined benefit liability, i.e. net interest expense for the Council the change during the period in the net defined benefit liability that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability at the beginning of

the period – taking into account any changes in the net defined benefit liability during the period as a result of contribution and benefit payments.

## **Remeasurements comprising:**

- **the return on plan assets** excluding amounts included in the net interest on the net defined benefit liability charged to the Pensions Reserve as Other Comprehensive Income and Expenditure
- actuarial gains and losses changes in the net pension's liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
- contributions paid to the Lincolnshire County Council pension fund cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund Balance and Housing Revenue Account Balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are transfers to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund and Housing Revenue Account of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

## **Discretionary Benefits**

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

## 8. Events after the Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Financial Statements are authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period the Financial Statements are adjusted to reflect such events
- those that are indicative of conditions that arose after the reporting period the Financial Statements are not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Financial Statements.

## 9. Financial Instruments

## Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For the long term borrowings that the Council has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable plus accrued interest; and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

The Council has provided a guarantee in relation to the liabilities of Public Sector Partnership Services, based on 28% of any outstanding liabilities, in the event the Company should cease trading.

## Financial Assets

Financial Assets are classified based on a classification and measurement approach that reflects the business model for holding the financial assets and their cash flow characteristics. There are three main classes of financial assets measured at:

- amortised cost
- fair value through profit or loss (FVPL), and
- fair value through other comprehensive income (FVOCI)

The Council's business model is to hold investments to collect contractual cash flows. Financial assets are therefore classified as amortised cost, except for those whose contractual payments are not solely payment of principal and interest (i.e. where the cash flows do not take the form of a basic debt instrument).

## Financial Assets Measured at Amortised Cost

Financial assets measured at amortised cost are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the financial assets held by the authority, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

Any gains and losses that arise on the derecognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the CIES.

## Expected Credit Loss Model

The authority recognises expected credit losses on all of its financial assets held at amortised cost, or where relevant FVOCI, either on a 12-month or lifetime basis. The expected credit loss model also applies to lease receivables and contract assets. Only lifetime losses are recognised for trade receivables (debtors) held by the authority.

Impairment losses are calculated to reflect the expectation that the future cash flows might not take place because the borrower could default on their obligations. Credit risk plays a crucial part in assessing losses. Where risk has increased significantly since an instrument was initially recognised, losses are assessed on a lifetime basis. Where risk has not increased significantly or remains low, losses are assessed on the basis of 12-month expected losses.

The Council has issued six loans to its subsidiary, Welland Homes Limited, and has assessed lifetime expected losses for these loans on a collective basis. The Council relies on past due information and calculates losses based on lifetime credit losses for all loans more than 30 days past due.

## Financial Assets Measured at Fair Value through Profit of Loss

Financial assets that are measured at FVPL are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Fair value gains and losses are recognised as they arise in the Surplus or Deficit on the Provision of Services.

For Financial Assets measured at Fair Value through Profit and Loss, monthly dividend/distribution income receivable is credited to the Financial and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Any gains and losses that arise on the derecognition of the asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

## Financial Assets Measured at Fair Value through Other Comprehensive Income

Financial assets that are measured at FVOCI are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. A gain or loss on a financial asset measured at fair value through other comprehensive income shall be recognised in other comprehensive expenditure and taken to the financial instruments revaluation reserve, except for impairment gains or losses until the financial asset is derecognised or reclassified.

Where financial assets are measured at FVPL or FVOCI, the fair value measurements are based on the following techniques:

- instruments with quoted market prices the market price
- other instruments with fixed and determinable payments discounted cash flow analysis.

The inputs to the measurement techniques are categorised in accordance with the following three levels:

- Level 1 inputs quoted prices (unadjusted) in active markets for identical assets that the authority can access at the measurement date.
- Level 2 inputs inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs unobservable inputs for the asset.

#### **10. Government Grants and Contributions**

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset in the form of the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-specific Grant Income and Expenditure (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance and Housing Revenue Account Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

#### 11. Heritage Assets

The extent of the Council's holdings of heritage assets is limited. Heritage assets are held to help increase the knowledge, understanding and appreciation of the Council's history and local area. Heritage assets are recognised and measured, including the treatment of revaluation gains and losses, in accordance with the Council's accounting policies on property, plant and equipment. However, some of the measurement rules are relaxed in relation to heritage assets as detailed below. The Council's heritage assets fall into two categories; Civic Regalia and Works of Art, and Archaeological Sites, Smallholdings and other Land and Sites of Special Interest and are accounted for as follows:

Civic Regalia and Works of Art:

• Civic regalia and Tulip paintings – insurance value; valued by an external valuer

Archaeological Sites, Smallholdings and other Land and Sites of Special Interest:

- Chain Bridge Forge (formerly Blacksmith's shop) current use; valued by an external valuer
- Nature reserve Historic Cost

Heritage assets not recognised on the Council's Balance Sheet:

 Community Beacon, Gas Wharf, Pill box, HMS Hornet bell and model of HMS Taku submarine – not included on the Balance Sheet as the cost of obtaining valuations outweighs the benefit to the users of the statements.

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for heritage assets, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Council's general policies on impairment – see item 19 in this summary of significant accounting policies. Depreciation is not charged as the assets are deemed to be held in perpetuity. Should any heritage assets be disposed of, the proceeds are accounted for in accordance with the Council's general provisions relating to the disposal of property, plant and equipment.

#### 12. Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events e.g. software licences, is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Intangible assets are measured initially at cost and are carried at amortised cost. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line in the Comprehensive Income and Expenditure Statement. Amortisation is calculated on the following basis:

• Computer software and licences – straight line basis

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, the amortisation charge is not permitted to have an impact on the General Fund Balance or Housing Revenue Account Balance. It is therefore reversed out of the General Fund Balance and Housing Revenue Account Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account.

#### **13.** Interest in Companies and Other Entities

The Council has material interests in companies and other entities that have the nature of subsidiaries and associates and require it to prepare group accounts. In the Council's own single entity accounts, the interests in companies and other entities are recorded as financial assets at cost. The Group Accounts included with the financial statements incorporate South Holland Homes, Welland Homes and Public Sector Partnership Services Ltd.

## 14. Joint Operations

Joint operations are arrangements where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities relating to the arrangement.

## **15. Investment Property**

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, being the price that would be received to sell such an asset in an orderly transaction between market participants at the measurement date. As a non-financial asset, investment properties are measured at highest and best use. Properties are not depreciated but are revalued annually according to market conditions at the year end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal. Assets are transferred into or out of the Investment Property class only when there is evidence of a change of use.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

#### 16. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases. Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council has no finance lease commitments as at 31 March 2023.

## The Council as Lessee - Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent free period at the commencement of the lease).

## The Council as Lessor - Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the relevant line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

## 17. Material Items of Income or Expense

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Council's financial performance.

### 18. Overheads and Support Services

Following revisions to the Accounting Code, the cost of overheads and support services are not charged to service segments, within the Financial Statements, in accordance with the Council's arrangements for accountability and financial performance. However, they are apportioned to comply with the requirements of various government returns.

#### 19. Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

#### Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an assets potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

#### Measurement

Assets are initially measured at cost, comprising;

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the authority). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the authority.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure assets, community assets and assets under construction depreciated historical cost
- dwellings current value, determined using the basis of existing use value for social housing (EUV-SH)
- surplus assets the current value measurement base is fair value, estimated at highest and best use from a market participant's perspective
- all other assets current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV)

Where there is no market based evidence of current value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value.

Where non-property assets have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for current value.

Assets included in the Balance Sheet at current value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their current value at the year end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Surplus or Deficit on the Provision of Services where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount
  of the asset is written down against the relevant service line in the Comprehensive Income and
  Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

## Impairment

Assets are assessed at each year end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

## Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

- Dwellings and other buildings straight line allocation over the life of the property as estimated by the valuer
- Vehicles, plant and equipment straight line allocation over the life of the asset, as advised by a suitably qualified officer
- Infrastructure straight line allocation.

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately. Materiality levels have been assessed and a materiality level of £0.5m for major components has been applied. Council dwellings are separated into their principal components, which are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

#### Disposals and Non-Current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an asset held for sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on assets held for sale.

If assets no longer meet the criteria to be classified as assets held for sale, they are reclassified back to noncurrent assets and valued at the lower of their carrying amount before they were classified as held for sale; adjusted for depreciation or revaluations that would have been recognised had they not been classified as held for sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as assets held for sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet, whether Property, Plant and Equipment or assets held for sale, is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to housing disposals is payable to the Government. The balance of receipts remains within the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow. Receipts are appropriated to the Reserve from the General Fund Balance and Housing Revenue Account Balance in the Movement in Reserves Statement.

The written off value of disposals is not a charge against council tax or housing rents, as the cost of noncurrent assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance and Housing Revenue Account Balance in the Movement in Reserves Statement.

## Infrastructure Assets

Infrastructure assets include sewage treatment works and street furniture.

## Recognition

Expenditure on the acquisition or replacement of components of these assets is capitalised on an accrual basis, provided that it is probable that the future economic benefits associated with the item will flow to the authority and the cost of the item can be measured reliably.

## Measurement

Infrastructure assets are generally measured at depreciated historical cost. However, this is a modified form of historical cost – opening balances for infrastructure assets were originally recorded in balance sheets at amounts of capital undischarged for sums borrowed as at 1 April 1994, which was deemed at that time to be historical cost.

Where impairment losses are identified, they are accounted for by the carrying amount of the asset being written down to the recoverable amount.

## Depreciation

Annual depreciation is provided on these assets over their useful lives on a straight-line basis, as follows:

- Street lighting 10 years
- Sewage treatment works 10-19 years

## Disposals and derecognition

When an infrastructure asset is disposed of, the carrying amount of the component in the Balance Sheet is written off to the 'Other operating expenditure' line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement, also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal).

The written-off amounts of disposals are not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are transferred to the capital adjustment account from the General Fund Balance in the Movement in Reserves Statement.

## 20. Fair Value Measurement

The Council measures some of its non-financial assets such as surplus assets and investment properties, and some of its financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The Council measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the fair value of a non-financial asset, the authority takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Council uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the Council's Financial Statements are categorised within the fair value hierarchy, as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date
- Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 unobservable inputs for the asset or liability.

## 21. Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement when the Council has an obligation and are measured at the best estimate at the

Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required, or a lower settlement than anticipated is made, the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party, this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

## 22. Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

## 23. Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

## 24. Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingences. Reserves are created by transferring amounts out of the General Fund Balance. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then transferred back into the General Fund Balance so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, local taxation, retirement and employee benefits and do not represent usable resources for the Council – these reserves are explained in the relevant policies.

## 25. Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

## 26. VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

## NOTE 2 – ACCOUNTING STANDARDS ISSUED, NOT ADOPTED

The Code of Practice on Local Authority Accounting in the United Kingdom 2023/24 (the Code) has introduced several changes in accounting standards which will be required from 1 April 2023.

- IFRS 16 Leases, where authorities decide to implement the standard in 2023/24
- Definition of Accounting Estimates (amendments to IAS8)
- Disclosure of Accounting Policies (amendments to IAS1 and IFRS Practice Statement 2)
- Deferred Tax related to assets and liabilities arising from a single transaction (amendments to IAS12)
- Update of reference to the Conceptual Framework (amendments to IFRS3)

The Code requires the disclosure of information relating to the impact of an accounting change that will be required by a new accounting standard, but one which has not yet been implemented.

It is not anticipated that the above amendments will have a material impact on the information provided in the financial statements, i.e., there is unlikely to be material change to the reported information in the net cost of services or the surplus or deficit on the provision of services.

## NOTE 3 – CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying, the accounting policies set out at Note 1 the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the statement of accounts are:

- There is a large degree of uncertainty about future levels of funding for local government. However, the council has determined that this high level of uncertainty is not yet sufficient to provide an indication that the assets of the authority might be impaired as a result of a need to close facilities and reduce levels of service provision.
- At the time the accounts were authorised for issue, the Council's valuers have provided values for the Council's assets taking into account what was known at the time. The Council's judgement was that there was not enough information to indicate that the assets were impaired and that balance sheet values should be reduced.
- The Council has examined its leases, and classified them as either operating leases or finance leases. In some cases the lease transaction is not always conclusive and the Council uses judgements in determining whether the lease is a finance lease that transfers substantially all the risks and rewards incidental to ownership. With effect from 2024/25 financial accounts all lessee operational agreements (apart from those of less than 12 months or those of low value assets) are required to be shown on the balance sheet.
- One factor that has had a demonstrable impact on the accounts in the past five years concerns the assumptions surrounding pensions and the likelihood of legislative change and the impact of such change. The sensitivity analysis, shown in note 36, estimates the likely impact of changes to the assumptions used when reporting the pension liability.
- Investments Investment in banks and other financial institutions are secure and will not suffer impairments. A certain amount of volatility in financial markets was apparent at the time the accounts were authorised for issue and expected credit losses were calculated based on information available at the time.

# NOTE 4 – ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Financial Statements contain estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates have been made taking into account historical experience, current trends and other relevant factors. The assumptions and other sources of estimation uncertainty disclosed below relate to the estimates that require the council's most difficult, subjective or complex judgements. As a number of variables and assumptions affecting the possible future resolution of the uncertainties increases, those judgements become more subjective and complex. As a result, balances cannot be determined with certainty and actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2023 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

## Pensions Liability

The estimation of the net liability (£1.525m at 31 March 2023) to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide expert advice about the assumptions to be applied.

During 2022/23, the actuaries advised that South Holland's net pension liability had decreased by £26.649m. This is made up of:

- £28.719m actuarial gain
- £2.070m loss arising from employer contributions of £2.485m being less than the pension obligations of £4.555m.

## Debt Impairment

At 31 March 2023, the Council had a balance of sundry debtor and housing benefit overpayments of £1.977m. The Council's normal approach to review significant items suggested that an impairment allowance for doubtful debts of 43% (£0.850m) was appropriate. However, in the current economic climate it is not certain that the allowance will be sufficient.

If collection rates were to deteriorate, increasing the impairment for doubtful debts to 50% of the total debt would require an additional £0.143m to be set aside as an allowance.

The change in the impairment allowance for bad debts is presented within Financing and Investment Income and Expenditure in the Comprehensive Income and Expenditure Statement.

## **Business Rates**

Since the introduction of the Business Rates Retention Scheme effective from 1 April 2013, local authorities need to account for any reduction in Business Rates income and repayment to ratepayers, in respect of successful appeals against business rates for current and earlier years. A provision has been made in the accounts based on the best estimate of the amount that the Council might need to repay as a result of successful appeals up to 31 March 2023.

For appeals already lodged, this estimate has been calculated using the latest Valuation Office Agency list of outstanding appeals with an assessment being made of the likely impact of those appeals, taking into account past national decisions together with any specific / local implications. This assessment has been undertaken by an external provider, and reviewed by officers to reflect local circumstances. The Council's share of the provision as at 31 March 2023 is £0.219m (40% of £0.548m).

If the appeals provision increased by 10% the Council's share would increase to £0.241m.

#### Fair Value Measurements

When the fair values of financial assets and financial liabilities cannot be measured based on quoted prices in active markets (i.e. Level 1 inputs), their fair value is measured using valuation techniques (e.g. quoted prices for similar assets or liabilities in active markets or the discounted cash flow (DCF) model). Where possible, the inputs to these valuation techniques are based on observable data, but where this is not possible judgement is required in establishing fair values. These judgements typically include considerations such as uncertainty and risk. However, changes in the assumptions used could affect the fair value of the authority's assets and liabilities.

Where Level 1 inputs are not available, the authority employs relevant experts to identify the most appropriate valuation techniques to determine fair value (for example for investment properties, the external valuer). Information about the valuation techniques and inputs used in determining the fair value of the authority's assets and liabilities is disclosed in notes 13 and 15.

#### Asset Lives

Asset lives are determined by the valuers and if asset lives were reduced by one year the impact on the depreciation charged to the CIES would be immaterial.

#### NOTE 5 – EVENTS AFTER THE BALANCE SHEET DATE

The unaudited Financial Statements were authorised for issue by the Deputy Chief Executive – Corporate Development S151 on 18 July 2024. Events taking place after this date are not reflected in the Financial Statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2023, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

## **NOTE 6 – EXPENDITURE AND FUNDING ANALYSIS**

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) by local Councils in comparison with those resources consumed or earned by Councils in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the Council's Directorates. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

## Adjustments for Capital Purposes

This column adds in depreciation and impairment, revaluation gains and losses and transfer to the Major Repairs Reserve for future capital investment in the service lines, and for:

- Other operating expenditure adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets.
- **Financing and investment income and expenditure** the statutory charges for capital financing i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- Taxation and non-specific grant income and expenditure capital grants are adjusted for income not chargeable under generally accepted accounting practices. The taxation and non-specific grant income and expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

#### Net Change for the Pensions Adjustments

Net change for the removal of pension contributions and the addition of IAS19 Employee Benefits pension related expenditure and income are reflected as follows:

- **For services** this represents the removal of the employer pension contributions made by the Council as allowed by statute and the replacement with current service costs and past service costs.
- For Financing and investment income and expenditure the net interest on the defined benefit liability is charged to the CIES.

#### Other Differences

Other differences between amounts debited or credited to the Comprehensive Income and Expenditure Statement and amounts payable or receivable to be recognised under statute are as follows:

- **For services** the other differences column recognises adjustments to the General Fund and Housing Revenue Account for accumulated absences.
- The charge under **Taxation and non-specific grant income and expenditure** represents the difference between what is chargeable under statutory regulations for council tax and business rates that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future Surpluses or Deficits on the Collection Fund.

## NOTE 7 – EXPENDITURE AND INCOME ANALYSED BY NATURE

The authority's expenditure and income is analysed as follows:

| 2021/22  |  | 2022/23  |
|----------|--|----------|
| £'000    |  | £'000    |
|          | Expenditure                                    |          |
| 14,364   | Employee benefits expenses                     | 16,067   |
| 22,185   | Other service expenses                         | 26,909   |

| (7,643)  | Services                                       | 3,914    |

# NOTE 8 – ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to arrive at the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure. The following sets out a description of the reserves that the adjustments are made against.

## General Fund Balance

The General Fund is the statutory fund into which all the receipts of the Council are required to be paid and out of which all liabilities of the Council are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment at the end of the financial year. However, as a Housing authority, the balance is not available to be applied to funding HRA services.

## Housing Revenue Account Balance

The Housing Revenue Account Balance reflects the statutory obligation to maintain a revenue account for local authority council housing provision in accordance with Part VI of the Local Government and Housing Act 1989. It contains the balance of income and expenditure as defined by the 1989 Act that is available to fund future expenditure in connection with the Council's landlord function.

## Major Repairs Reserve

The Council is required to maintain the Major Repairs Reserve, which controls an element of the capital resources limited to being used on capital expenditure on HRA assets or the financing of historical capital expenditure by the HRA. The balance shows the capital resources that have yet to be applied at year end.

## Capital Receipts Reserve

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year end.

## Capital Grants Unapplied

The Capital Grants Unapplied Account holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

|------------------|---|------------------|
| 2,347            | Interest payable and similar charges  | 2,347            |
| 788              | Net interest on the net defined benefit liability for pensions                              | 700              |
| (218)            | Interest receivable and similar income  | (1,263)          |
| (88)             | Movement in the impairment allowance for bad debts  | 94               |
| (684)            | Income and expenditure in relation to investment properties and changes in their fair value | (14)             |
| 2,145            | Total   | 1,865            |

## NOTE 12 - TAXATION AND NON SPECIFIC GRANT INCOME AND EXPENDITURE

| 2021/22<br>£'000 |  | 2022/23<br>£'000 |
|------------------|--|------------------|
| (6,527)          | Council Tax income                                   | (6,852)          |
| (2,124)          | Retained Business Rates income and expenditure       | (3,189)          |
| (1,154)          | Section 31 Grant                                     | (1,987)          |
| (1,419)          | Section 31 Grant – Extended Reliefs                  | (650)            |
| -                | Council Tax Income Compensation                      | -                |
| (277)            | Revenue Support Grant                                | (286)            |
| (934)            | Non-ringfenced government grants                     | (1,677)          |
| (1,171)          | Capital grants and contributions                     | (230)            |
| (477)            | Covid-19 Support Grant                               | -                |
| (36)             | Covid-19 Sales, Fees and Charges Income Compensation |                  |
| -                | Asset Exchange                                       | (47)             |
| (14,119)         | Total  | (14,918)         |

Additional Business Rates reliefs were provided in 2021/22 and 2022/23 to businesses to provide financial assistance in response to the Covid-19 pandemic, resulting in reduced income due from ratepayers, and therefore lost income to the Council in the current financial year. However, Central Government have provided compensation to the Council to offset this lost income, in the form of Section 31 Grant for extended reliefs.

## Depreciation

The following useful lives and depreciation rates have been used in the calculation of depreciation:

- Council Dwellings major components
  - Structure 36-70 years
  - Roofs 1-80 years
  - Kitchens 1-20 years
  - Bathrooms 1-25 years
  - Windows and Doors 1-30 years
- Other Land and Buildings 2-72 years
- Vehicles, Plant, Furniture & Equipment 4-25 years
- Infrastructure 2-19 years

## **Capital Commitments**

At 31 March 2023, the Council has entered into contracts for the enhancement of Property, Plant and Equipment in 2023/24 and future years budgeted at a cost of £6.8m. Similar commitments at 31 March 2022 were £8.4m, mainly relating to works to dwellings. The major commitments are:

| • | Central Heating Replacements | £1.6m |
|---|------------------------------|-------|
| • | General Works                | £0.6m |
| • | Roofing and Fixtures         | £2.0m |
| • | Major Area Schemes           | £0.8m |
| • | Disabled Adaptations HRA     | £1.6m |

## Effects of Changes in Estimates

No material changes were made to the Council's accounting estimates for Property, Plant and Equipment in 2022/23.

## Revaluations

The Council carries out a programme that ensures that all Property, Plant and Equipment required to be measured at current value is regularly revalued. A full revaluation of all Council housing stock and other land and buildings is undertaken every 5 years, although a desktop review of all assets is carried out in each of the intervening years. All valuations are carried out externally. Valuations of land and buildings are carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors.

In addition due regard has been taken of amendments introduced in the CLG document "Stock Valuation for Resource Accounting – Guidance for Valuers 2010". The basis of valuation is Current Value (EUV) for non-housing property and Existing Use Value for Social Housing (EUV – SH) for Council dwellings. Surplus property is valued at Fair Value, estimated at highest and best use from a market participant's perspective.

Revaluations during 2022/23 were undertaken by Darren Fabris BSc (Hons) MRICS, RICS Registered Valuer (Kier) and Guy S C Harbord MA MRICS, IRRV (Hons), RICS Registered Valuer (Wilks Head and Eve).

## Fair Value Hierarchy – Surplus Assets

Details of the authority's surplus assets and information about the fair value hierarchy as at 31 March 2023 is as follows:

| Fair Value |                            | Fair Value |
|------------|----------------------------|------------|
| Level 2    |                            | Level 2    |
| 2021/22    |                            | 2022/23    |
| £'000      |                            | £'000      |
| 1,162      | Surplus Land               | 1,779      |
| 1,162      | Balance at end of the year | 1,779      |

## Valuation Techniques Used to Determine Level 2 Fair Values for Surplus Assets

## Significant Observable Inputs – Level 2

The fair value of surplus assets have been measured using either the income or comparative approach methods.

For land only assets the Valuers have compared sale prices of comparable land in applicable uses and similar locations before making adjustments for differences in key attributes such as land size.

For some assets the Valuers have relied upon data ascertained from current evidence of passing rents on comparable properties including new lettings and rent reviews. Evidence of yields has been taken from the sale of comparable investments having regard to the type of property, covenant strength and lease terms. Factors of relevance in the leases include the lease term, rent review frequency, any break clauses and obligations for repair, maintenance and buildings insurance.

Valuation inputs for rental and yield which are directly applicable i.e. an almost identical property let to a similar covenant on the same repairing and insuring terms for a similar term to the valuation subject are said to be at Level 2 in the fair value hierarchy as they are directly comparable with limited adjustment.

## Highest and best use of Surplus Assets

In estimating the fair value of the Council's surplus assets, the highest and best use of the properties is deemed to be their current use for some assets and alternative use for others.

## Valuation Process for Surplus Assets

The fair value of the Council's surplus assets is measured at each reporting date. All valuations are carried out externally, in accordance with the methodologies and bases for estimation set out in the professional

standards of the Royal Institution of Chartered Surveyors. The Council's valuation experts work closely with finance officers regarding all valuation matters.

## Infrastructure Assets

## Movement on balances

In accordance with the temporary relief offered by the Update to the Code on infrastructure assets, this note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resultant information deficits mean that this would not faithfully represent the asset position to the users of the financial statements.

The authority has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

|  | 2022/23<br>£'000 | 2021/22<br>£'000 |
|--|------------------|------------------|
| Net book value (modified historical cost) at 1 April | 244              | 391              |
| Additions  | 70               | -                |
| Depreciation   | (97)             | (147)            |
| Net book value at 31 March                           | 217              | 244              |

|                       | 2022/23<br>£'000 | 2021/22<br>£'000 |
|-----------------------|------------------|------------------|
| Infrastructure assets | 217              | 244              |
| Other PPE assets      | 230,483          | 221,779          |
| Total PPE assets      | 231,920          | 222,023          |

The authority has determined in accordance with Regulation 30M of the Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2022 that the carrying amounts to be derecognised for infrastructure assets when there is replacement expenditure is nil.

## NOTE 14 – HERITAGE ASSETS

Reconciliation of the carrying value of Heritage Assets held by the Council:

|                  |   | Civic Regalia and<br>Works of Art | Archaeological<br>Sites, Smallholdings<br>and other Land and<br>Sites of Special<br>Interest | Total            |
|------------------|---|-----------------------------------|--|------------------|
| 2021/22<br>£'000 |   | 2022/23<br>£'000                  | 2022/23<br>£'000   | 2022/23<br>£'000 |
| 105<br>3         | <b>Cost or valuation</b><br>1 April<br>Revaluations | 62                                | 46<br>5  | 108<br>5         |
| 108              | 31 March  | 62                                | 51   | 113              |

The Council's heritage assets fall into two categories; Civic Regalia and Works of Art, and Archaeological Sites, Smallholdings and other Land and Sites of Special Interest. All the assets have been in the Council's ownership for a number of years and are held for their intrinsic worth as opposed to financial gain. As such they are unlikely to be sold. There were no additions or disposals in the current financial year.

Heritage assets recognised on the Council's Balance Sheet:

Civic Regalia and Works of Art:

- Civic regalia included in the Balance Sheet at their insurance valuation. These valuations were undertaken on 31 March 2015 by an external specialist valuer Bonham's.
- Tulip paintings included in the Balance Sheet at their insurance value. These valuations were undertaken on 31 March 2016 by Woodbine Contemporary Arts.

Archaeological Sites, Smallholdings and other Land and Sites of Special Interest:

- Chain Bridge Forge recorded at existing use value as determined by the Council's external valuer, Guy S C Harbord MA MRICS, IRRV (Hons), RICS Registered Valuer Wilks, Head and Eve and were last valued on 31 March 2023.
- Nature reserve recorded at Historic Cost.

Heritage assets not recognised on the Council's Balance Sheet:

• Community Beacon, Gas Wharf, Pill box, HMS Hornet bell and model of HMS Taku submarine have been classified as heritage assets but are not included on the Council's Balance Sheet as the cost of obtaining valuations outweighs the benefit to the users of the Financial Statements.

## NOTE 15 – INVESTMENT PROPERTY

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

| 2021/22<br>£'000 |  | 2022/23<br>£'000 |
|------------------|--|------------------|
| (123)            | Rental Income from investment property                     | (181)            |
| 17               | Direct operating expenses arising from investment property | 20               |
| (573)            | Net (gains)/losses from fair value adjustments             | 147              |
| (679)            | Net (gain)/loss  | (14)             |

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property or repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of investment properties over the year.

| 2021/22<br>£'000 |  | 2022/23<br>£'000 |
|------------------|--|------------------|
| 1,573            | Balance at start of the year                   | 2,146            |
| -                | Additions and Enhancements                     | 469              |
| 573              | Net gains/(losses) from fair value adjustments | (147)            |
| -                | Reclassification to Investment Property        | -                |
| 2,146            | Balance at end of the year                     | 2,468            |

## Fair Value Hierarchy

Details of the authority's investment properties and information about the fair value hierarchy as at 31 March 2023 is as follows:

| Fair Value<br>Level 2<br>2021/22<br>£'000 |                             | Fair Value<br>Level 2<br>2022/23<br>£'000 |
|---|-----------------------------|---|
| 2,146                                     | Commercial Industrial Units | 2,468                                     |
| 2,146                                     | Balance at end of the year  | 2,468                                     |

## Valuation Techniques Used to Determine Level 2 for Investment Properties

## Significant Observable Inputs – Level 2

The fair value of investment properties has been measured using two main approaches - the income method and the comparable method.

For land only assets the Valuers have compared sale prices of comparable land in applicable uses and similar locations before making adjustments for differences in key attributes such as land size.

For land and building assets the Valuers have relied upon data ascertained from current evidence of passing rents on comparable properties including new lettings and rent reviews. Evidence of yields has been taken from the sale of comparable investments having regard to the type of property, covenant strength and lease terms. Factors of relevance in the leases include the lease term, rent review frequency, any break clauses and obligations for repair, maintenance and buildings insurance.

Valuation inputs for rental and yield which are directly applicable i.e. an almost identical property let to a similar covenant on the same repairing and insuring terms for a similar term to the valuation subject are said to be 'observable inputs' as they are directly comparable with limited adjustment and are said to be a Level 2 in the fair value hierarchy.

## Highest and best use of Investment Properties

In estimating the fair value of the Council's investment properties, the highest and best use of the properties is deemed to be their current use.

## Valuation Process for Investment Properties

The fair value of the Council's investment properties is measured at each reporting date. All valuations are carried out externally, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The Council's valuation experts work closely with finance officers regarding all valuation matters.

## NOTE 16 – INTANGIBLE ASSETS

The Council accounts for its software as intangible assets. Intangible assets include purchased licenses.

All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Council. The carrying amount of intangible assets is amortised on a straight-line basis, over 1 to 10 years. The amortisation of £165,000 was charged to an overhead account and then absorbed across service headings in the Cost of Services. It is not possible to quantify exactly how much of the amortisation is attributable to each service heading.

## The movement on Intangible Asset balances during the year is as follows:

| 2021/22<br>£'000 |  | 2022/23<br>£'000 |
|------------------|--|------------------|
|                  | Balance at start of year:                        |                  |
| 2,175            | <ul> <li>Gross carrying amounts</li> </ul>       | 1,283            |
| (992)            | Adjustment to opening balance: Share of PSPS Ltd | -                |
| (1,467)          | <ul> <li>Accumulated amortisation</li> </ul>     | (858)            |
| 781              | Adjustment to opening balance: Share of PSPS Ltd | -                |
| 497              | Net carrying amount at start of year             | 425              |
|                  | Additions:                                       |                  |
| 181              | - Purchases                                      | 19               |
| (172)            | Amortisation for the period                      | (165)            |
| (81)             | Derecognition                                    | -                |
| 425              | Net carrying amount at end of year               | 279              |
|                  | Comprising:                                      |                  |
| 1,283            | - Gross carrying amounts                         | 1,302            |
| (858)            | - Accumulated amortisation                       | (1,023)          |
| 425              |  | 279              |

## NOTE 17 – FINANCIAL INSTRUMENTS

The following categories of financial instrument are carried in the Balance Sheet:

| Financial Assets   | Non-Current                  |                              |                              |                              | Current                         |                                |                              |                              |   |  |
|--|------------------------------|------------------------------|------------------------------|------------------------------|---------------------------------|--------------------------------|------------------------------|------------------------------|---|--|
|  | Long-term<br>Investments     |                              |                              |                              | Short-term<br>Investments       |                                | Short-term<br>Debtors        |                              | Total                                     |  |

## Fair Value of Financial Assets

The Council has a shareholding interest in the UK Municipal Bonds Agency (MBA). The fair value has been written down to zero as the balance sheet of the MBA shows negative equity. The authority did not intend to dispose of the shares at the Balance Sheet date.

The authority is the sole shareholder of Welland Homes Limited, which is the Council's wholly owned Housing Development Company. The fair value of the equity balance brought forward was £3.672m. During 2022/23 an additional equity investment of £598k was made. This equity is categorised as Level 3 inputs due to there being no active market for the shares. The Company accounts reported capital and reserves balances of £4.199m as at 31 March 2023. This is presented in the Financial Assets table above, as fair value through other comprehensive income – designated equity instruments. The authority did not intend to dispose of the shares at the Balance Sheet date.

The authority is also the sole shareholder of South Holland Local Community Housing Interest Company. The fair value of the equity balance brought forward was £1.169m and this equity is categorised as Level 3 inputs due to there being no active market for the shares. The Company accounts reported capital and reserves balances of £1.163m as at 31 March 2023. This is presented in the Financial Assets table above, as fair value through other comprehensive income – designated equity instruments. The authority did not intend to dispose of the shares at the Balance Sheet date.

## Transfers between Levels of the Fair Value Hierarchy

There were no transfers between input levels 1 and 2 during the year.

## Changes in the Valuation Technique

There has been no change in the valuation technique used during the year for the financial instruments.

# Fair Values of Assets and Liabilities that are not measured at Fair Value (but which fair value disclosures are required)

Except for the financial assets carried at fair value, all other financial liabilities and financial assets represented by amortised cost and long-term debtors and creditors are carried on the balance sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:

 For loans from the PWLB payable, PWLB prevailing market rates have been applied to provide the fair value under PWLB debt redemption procedures. An additional note to the tables sets out the alternative fair value measurement applying the premature repayment highlighting the impact of the alternative valuation;

- No early repayment or impairment is recognised;
- Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the carrying amount or the billed amount;
- The fair value of trade and other receivables is taken to be the invoiced or billed amount.

The fair values calculated are as follows:

| LIABILITIES | 31 Marc                     | 31 March 2022       |                             | ch 2023             |
|-------------|-----------------------------|---------------------|-----------------------------|---------------------|
|             | Carrying<br>Amount<br>£'000 | Fair Value<br>£'000 | Carrying<br>Amount<br>£'000 | Fair Value<br>£'000 |
| Borrowing   | (67,482)                    | (84,931)            | (67,482)                    | (54,364)            |

For long term borrowing, the fair value is lower than the carrying amount because the authority's portfolio of loans includes fixed rate loans where the interest rate payable is lower than the prevailing rates at the Balance Sheet date. This shows a notional future gain (based on economic conditions at 31 March 2023) arising from a commitment to pay interest to lenders below current market rates.

The fair value of Public Works Loan Board (PWLB) loans of £54.364m measures the economic effect of the terms agreed with the PWLB compared with estimates of the terms that would be offered for market transactions undertaken at the Balance Sheet date. The difference between the carrying amount and the fair value measures the reduced level of interest that the authority will pay over the remaining terms of the loans under the agreements with the PWLB, against what would be paid if the loans were at prevailing market rates.

However, the Council has a continuing ability to borrow at concessionary rates from the PWLB rather than from the markets, termed the PWLB Certainty Interest rates. A supplementary measure of the fair value as a result of its PWLB commitments for fixed rate loans is to compare the terms of these loans with the new borrowing rates available from the PWLB. If a value is calculated on this basis, the carrying amount of £67.482m would be valued at £54.364m. If the Council were to prematurely repay the loans to the PWLB a discount would be receivable based on rates as at 31<sup>st</sup> March 2023. The exit price for the PWLB loans including the discount would be £65.517m.

| ASSETS                 | 31 March 2022               |                     | 31 Mar                      | ch 2023             |  |
|------------------------|-----------------------------|---------------------|-----------------------------|---------------------|--|
|                        | Carrying<br>amount<br>£'000 | Fair Value<br>£'000 | Carrying<br>amount<br>£'000 | Fair Value<br>£'000 |  |
| Short Term investments | 36,028                      | 36,028              | 32,046                      | 32,046              |  |
| Loans to Subsidiaries  | 3,738                       | 3,738               | 4,784                       | 3,762               |  |
| Castle Sports          | 143                         | 143                 | 94                          | 94                  |  |

The short and long term loans to subsidiaries are loans to Welland Homes Limited, which is the Council's wholly owned Housing Company. The Council has made loans totalling £4.784m (including accrued interest) with a fair value of £3.762m (including accrued interest). These loans are categorised under Level 1 inputs and the fair value has been calculated using the comparable PWLB new loan rates for a similar duration with a margin added for credit risk equivalent to the margin at the time when the loan was issued.

## NOTE 19 – CASH AND CASH EQUIVALENTS

The balance of Cash and Cash Equivalents is made up of the following elements:

| 31 March<br>2022<br>£'000 |  | 31 March<br>2023<br>£'000 |
|---------------------------|--|---------------------------|
| 1,188                     | Bank current accounts  | 323                       |
| 10,598                    | Deposits with Banks on Instant Access  | 6,136                     |
|                           | Cash and Cash Equivalents categorised as   |                           |
| 11,786                    | Current Assets   | 6,459                     |
| -                         | Bank current accounts<br>Cash and Cash Equivalents categorised as<br>Current Liabilities | -                         |
| 11,786                    | Total Cash and Cash Equivalents  | 6,459                     |

## NOTE 20 – ASSETS HELD FOR SALE

Assets held for sale represent Council Houses to be sold under the Governments Right to Buy (RTB) Scheme. Fair Value is deemed to be the discounted RTB price paid by tenants to acquire the dwelling. This represents level 1 under the fair value hierarchy.

The balance outstanding at 31 March 2023 has significantly increased from the prior year due to more RTB applications being at the accepted stage by tenants who are eligible to purchase them.

| 2021/22<br>£'000 |   | 2022/23<br>£'000 |
|------------------|---|------------------|
| 1,391            | Balance outstanding at start of year              | 3,592            |
|                  | Assets newly classified as held for sale:         |                  |
| 3,162            | <ul> <li>Property, Plant and Equipment</li> </ul> | 778              |
|                  | Assets declassified as held for sale:             |                  |
| -                | <ul> <li>Property, Plant and Equipment</li> </ul> | (454)            |
| (961)            | Assets sold                                       | (1,466)          |
| 3,592            | Balance outstanding at year end                   | 2,449            |

## NOTE 21 – CREDITORS

| 2021/22<br>£'000 |                            | 2022/23<br>£'000 |
|------------------|----------------------------|------------------|
| (2,653)          | Trade payables             | (2,165)          |
| (2,753)          | Council Tax & NDR payables | (3,245)          |
| (1,402)          | Other payables             | (1,878)          |
| (9,758)          | Receipts in Advance        | (1,671)          |
| (16,566)         | Total                      | (8,959)          |

## NOTE 22 – PROVISIONS

|                                       | Business<br>Rate Appeals<br>£'000 |
|---------------------------------------|-----------------------------------|
| Balance at 1 April 2022               | (512)                             |
| Additional provisions made in 2022/23 | (39)                              |
| Amounts used in 2022/23               | 24                                |
| Unused amounts reversed in 2022/23    | 308                               |
| Balance at 31 March 2023              | (219)                             |

The provision represents South Holland's share (40% of £0.548m) of the total provision for appeals against the rateable values set by the Valuation Office Agency (VOA) not settled as at 31 March 2023. The total provision has been recognised in the Collection Fund Statement (page 90).

## NOTE 23 – USABLE RESERVES

Movements in the Council's usable reserves are detailed in the Movement in Reserves Statement.

## NOTE 24 – UNUSABLE RESERVES

| 31 March<br>2022<br>£'000 |   | 31 March<br>2023<br>£'000 |
|---------------------------|---|---------------------------|
| 45,572                    | Revaluation Reserve                       | 51,656                    |
| 111,695                   | Capital Adjustment Account                | 111,678                   |
| (28,174)                  | Pensions Reserve                          | (1,525)                   |
| 42                        | Deferred Capital Receipts Reserve         | 40                        |
| (2,568)                   | Collection Fund Adjustment Account        | 1,020                     |
| (302)                     | Accumulated Absences Account              | (76)                      |
| 2,617                     | Financial Instruments Revaluation Reserve | 2,540                     |
| 128,882                   | Total Unusable Reserves                   | 165,333                   |

## **Revaluation Reserve**

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

| 2021/22<br>£'000 | 2021/22<br>£'000 |   | 2022/23<br>£'000 | 2022/23<br>£'000 |
|------------------|------------------|---|------------------|------------------|
|                  | 31,952           | Balance at 1 April  |                  | 45,572           |

| (744)            |                  | Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services      | (1,590)          |                  |
|                  | 15,050           | Surplus or deficit on revaluation of non-current assets not posted to the Surplus or Deficit on the Provision of Services |                  | 8,290            |
| (976)            |                  | Difference between fair value depreciation and historical cost depreciation   | (1,339)          |                  |
| (454)            |                  | Accumulated gains on assets sold or scrapped<br>Amount written off to the Capital Adjustment                              | (867)            |                  |
|                  | (1,430)          | Account   |                  | (2,206)          |
|                  | 45,572           | Balance at 31 March   |                  | 51,656           |

## **Pensions Reserve**

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post - employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

| 2021/22<br>£'000 |   | 2022/23<br>£'000 |

| (28,174)         | Balance at 31 March   | (1,525)          |

## Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or additions to those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or subsequent costs as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert current and fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and subsequent costs. The Account contains accumulated gains and losses on Investment Properties.

It also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains. Note 8 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

## **Deferred Capital Receipts Reserve**

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

| 42               | Balance at 31 March   | 40               |

## **Collection Fund Adjustment Account**

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers and business rate payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

## Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance and Housing Revenue Account Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance and Housing Revenue Account Balance is neutralised by transfers to or from the Account.

## NOTE 29 – MEMBERS' ALLOWANCES

The Council paid the following amounts to members of the Council during the year.

|                        | 2022/23<br>£'000 | 2021/22<br>£'000 |
|------------------------|------------------|------------------|
| Basic Allowance        | 231              | 233              |
| Special Responsibility | 165              | 169              |
| Expenses               | 10               | 4                |
| Total                  | 406              | 406              |

## NOTE 30 – OFFICERS' REMUNERATION

The tables below include those officers who report directly to members or the Chief Executive and who have responsibility for the strategies of the Council. During 2021/22 a partnership was created between South Holland District Council, East Lindsey District Council and Boston Borough Council to form the South and East Lincolnshire Council's Partnership (S&ELCP) where senior officers are shared between the three authorities. This includes the Chief Executive Officer, Monitoring Officer, Deputy Chief Executive for Communities and SIRO being employed by East Lindsey District Council and the Deputy Chief Executive for Growth being employed by Boston Borough Council with their costs being recharged to the Council. The total remuneration for these employees are as follows; South Holland District Council's costs for these roles are shown separately. Details relating to other costs of the partnership arrangements are included in the Related Party Transactions Note 33.

| 2022/23  | Salary,<br>fees and<br>allowances | Expenses<br>Allowances | Pension<br>Contribution | Redundancy<br>Payments | Total   | SHDC<br>Costs<br>Only |

| Total cost included<br>in bandings and in<br>CIES (£)     |   |         |   |         |  |         | 37,634   | 5,026   |

## NOTE 31 – EXTERNAL AUDIT COSTS

The Council has incurred the following costs in relation to the audit of the Financial Statements.

|   | 2022/23<br>£'000 | 2021/22<br>£'000 |
|---|------------------|------------------|
| Statutory Audit Services  |                  |                  |
| Fees payable to Ernst & Young with regard to external audit services carried out for the year by the appointed auditor for the year | 45               | 34               |
| Audit Fees to prior years   | 28               | 47               |
| Fees payable to KPMG LLP with regard to certification of grants and claims  | 26               | 16               |
|   | 99               | 97               |

## NOTE 32 – GRANT INCOME

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2022/23.

|   | 2022/23          | 2021/22            |
|---|------------------|--------------------|
|   | £'000            | £'000              |
| Credited to Taxation and Non Specific Grant Income and Expenditure<br>Covid-19 Related Grants and Contributions |                  |                    |
| Local Authority Covid Support Grant<br>Covid-19 Income Compensation   | -                | (477)<br>(36)      |

| Total   | (196)            | (1,887)          |

## NOTE 33 – RELATED PARTIES

The Council is required to disclose material transactions with related parties - bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

#### Central Government

UK Central Government has significant influence over the general operations of the Council - it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. housing benefits).

Details of material transactions with Central Government are shown below. 2021/22 comparators shown in brackets.

| <ul> <li>Funding from Government</li> <li>Non-Domestic Rates Share Payable</li> </ul> | Note 32         | £24.540m           | (£26.026m)             |
|---|-----------------|--------------------|------------------------|
|   | Collection Fund | £11.341m           | (£12.519m)             |
| Debtors     Creditors   |                 | £1.808m<br>£3.493m | (£2.374m)<br>(£1.520m) |

#### Members

Members of the Council have direct control over the Council's financial and operating policies. The total of members' allowances paid in 2022/23 is shown in note 29. During 2022/23 a number of members had links to local Parish Councils, held positions on Internal Drainage Boards and other Local Community associations. Two members are directors of Public Sector Partnership Services Ltd (formerly Compass Point Business Services (East Coast) Ltd). During 2022/23 six members were directors of South Holland Local Housing Community Interest Company, and six members were directors of Welland Homes Ltd.

Payments to companies during the year (other than to those companies mentioned above) for which members are directors, amounted to £18,427 (£54,825 in 2021/22).

Details of specific transactions where members declared their interests are recorded in the Register of Members' Interest, open to public inspection at the Council Offices during office hours. The Council is compliant with the Localism Act 2012.

## Other Public Bodies

During 2021/22 a partnership was created between South Holland District Council, Boston Borough Council and East Lindsey District Council to form the South and East Lincolnshire Council's Partnership (S&ELCP). The partnership shares a Chief Executive, Deputy Chief Executives, Assistant Directors along with a number of shared officers.

South Holland District Council were charged by East Lindsey District Council £368,629 and by Boston Borough Council £221,544 for their share of these posts. South Holland received income of £516,040 from East Lindsey District Council and £233,334 from Boston Borough Council for the share of the costs it incurred in the year.

Transactions with the Lincolnshire Pension Fund are detailed in note 36, Defined Benefits Pension Scheme.

Precepts paid to other authorities from Council Tax collected and other authorities retained share of National Non-Domestic Rates are detailed in the Collection Fund note.

The precept value paid to parish and town councils is included in Other Operating Expenditure in Note 10 and was £1.014m in 2022/23 (£0.935m in 2021/22)

## Entities Controlled or Significantly Influenced by the Council

## Public Sector Partnership Services Ltd (formerly Compass Point Business Services)

Joint merged service organisation arrangements for the shared provision of a number of back office services with East Lindsey District Council were implemented with effect from 1 August 2010, delivered through Public Sector Partnership Services Ltd (PSPS, formerly Compass Point Business Services (CPBS) (East Coast) Ltd). The company added a further shareholder on 1 April 2021 in Boston Borough Council, and the Council accounts for this as an associate within the Group Accounts from 2021/22. The net balance outstanding between the Council and the Company at the 31 March 2023 was £34,042.

The Council was owed £119k at 31 March 2023 and no outstanding balance was due to the Company. One officer and two councillors were directors of PSPS Ltd during the year.

During 2022/23 payments totalling £4.3m were paid to PSPS (£4.2m 2021/22).

Further information about the accounts of PSPS is available from the Company Secretary, New Bailey, 4 Stanley Street, Manchester M3 5JL.

## South Holland Homes and Welland Homes Ltd

The Council has two wholly owned subsidiary companies, South Holland Local Housing Community Interest Company and Welland Homes Ltd. Information and transactions for the year are set out in the group accounts. One officer was the company secretary of South Holland Homes during 2022/23 and another officer was the company secretary for Welland Homes Ltd.

## NOTE 34 – CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR). This is a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in the second part of this note.

|  | 2022/23         | 2021/22 |
|--|-----------------|---------|
|  | £'000           | £'000   |
| Opening Capital Financing Requirement                              | 77,131          | 75,893  |
| Capital Investment   |                 |         |
| Property, Plant and Equipment                                      | 10,107          | 7,833   |
| Intangible Assets  | <sup>′</sup> 19 | 329     |

| (unsupported by government financial assistance)                   | 4,598           | 1,252   |
| Increase/(decrease) in Capital Financing Requirement               | 4,461           | 1,238   |

## NOTE 35 – LEASES

## **Council as Lessee**

## **Operating Leases**

The Council has acquired some of its vehicle fleet by entering into operating leases, which typically have a 5 year life. It also has entered into some property leases.

The future minimum lease payments due under non-cancellable leases in future years are:

|  | 31 March<br>2023<br>£'000 | 31 March<br>2022<br>£'000 |
|--|---------------------------|---------------------------|
| Not later than 1 year                        | 38                        | 20                        |
| Later than 1 year and not later than 5 years | 3                         | 72                        |
| Later than 5 years                           | 11                        | -                         |
|  | 52                        | 92                        |

The expenditure charged to the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

|                        | 2022/23<br>£'000 | 2021/22<br>£'000 |
|------------------------|------------------|------------------|
| Minimum lease payments | 25               | 23               |
|                        | 25               | 23               |

## Council as Lessor

## **Operating Leases**

The Council leases out a number of items of land and property under operating leases.

The future minimum lease payments receivable under non-cancellable leases in future years are:

|  | 31 March<br>2023<br>£'000 | 31 March<br>2022<br>£'000 |
|--|---------------------------|---------------------------|
| Not later than 1 year                        | 306                       | 342                       |
| Later than 1 year and not later than 5 years | 632                       | 512                       |
| Later than 5 years                           | 138                       | 152                       |
|  | 1,076                     | 1,006                     |

In addition, the Council received £119,325 as a charge for office space (£119,325 in 2021/22) from Public Sector Partnership Services Ltd in respect of the usage of office space only. No formal long term arrangement currently exists.

There are no contingent rents payable to/from the Council, both as lessee and lessor

## NOTE 36 – DEFINED BENEFIT PENSION SCHEMES

## Participation in Pension Schemes

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, there is a commitment to make the payments and to disclose them at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme, administered by Lincolnshire County Council. This is a funded defined benefit scheme, meaning that the employer and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.

The Lincolnshire pension scheme is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the pensions committee of Lincolnshire County Council. Policy is determined in accordance with the Pensions Fund Regulations.

The principal risks of the scheme are the longevity assumptions, statutory changes to the scheme, structural changes to the scheme, changes to inflation, bond yields and the performance of the equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge to the General Fund and Housing Revenue Account the amounts required by statute as described in the accounting policies note.

## **Transactions Relating to Post-employment Benefits**

We recognise the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax and housing rents is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund and Housing Revenue Account via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance and Housing Revenue Account Balance via the Movement in Reserves Statement during the year.

|   | Local Government Pension<br>Scheme |                  |
|---|------------------------------------|------------------|

## Pensions Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the authority's obligation in respect of its defined benefit plans is as follows:

|   | Local Government<br>Pension Scheme<br>2022/23 2021/22<br>£'000 £'000 |          |
|---|--|----------|
|   |  |          |
| Present Value of the defined obligation               | (70,484)   | (96,992) |
| Fair Value of plan assets                             | 68,959   | 68,818   |
| Net Liability arising from defined benefit obligation | (1,525)  | (28,174) |

## Reconciliation of the Movements in the Fair Value of Scheme (Plan) Assets

|   | Local Government<br>Pension Scheme |                  |
|---|------------------------------------|------------------|
|   | 2022/23<br>£'000                   | 2021/22<br>£'000 |
| Opening fair value scheme assets                | 68,818                             | 76,054           |
| Adjustment to opening balance: PSPS Ltd         |                                    | (14,033)         |
| Interest Income                                 | 1,797                              | 1,243            |
| Remeasurement gain/(loss)                       | -                                  | (507)            |
| The return on plan assets, excluding the amount |                                    |                  |
| included in the net interest expense            | (2,170)                            | 5,887            |
| Contributions from employer                     | 2,407                              | 2,055            |
| Contributions from employees into the scheme    | 598                                | 483              |
| Contributions in respect of unfunded benefits   | 78                                 | 80               |
| Administration Cost                             | (51)                               | (45)             |
| Benefits paid                                   | (2,518)                            | (2,399)          |
| Closing fair value of scheme assets             | 68,959                             | 68,818           |

## Basis for estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc.

The Local Government Pension Scheme liabilities have been estimated by Barnett Waddingham, an independent firm of actuaries, estimates for the Lincolnshire Pension Fund being based on the latest full valuation of the scheme as at 31 March 2022. The next actuarial valuation of the Fund will be carried out as at 31 March 2025.

## The significant assumptions, for the Council, used by the actuary have been:

|   | Local Government<br>Pension Scheme |         |
|---|------------------------------------|---------|
|   | 2022/23                            | 2021/22 |
| Mortality assumptions:                          |                                    |         |
| Longevity at 65 for current pensioners (years): |                                    |         |
| - Men   | 19.8                               | 19.8    |
| - Women   | 22.9                               | 22.9    |
| Longevity at 65 for future pensioners (years):  |                                    |         |
| - Men   | 21.1                               | 21.0    |
| - Women   | 24.4                               | 24.3    |
|   |                                    |         |
| Rate of increase in salaries                    | 3.95%                              | 4.20%   |
| Rate of increase in pensions                    | 2.95%                              | 3.20%   |
| Rate for discounting scheme liabilities         | 4.80%                              | 2.60%   |

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

|  | Impact on the Defined Benefit<br>Obligation in the Scheme         |       |  |
|--|---|-------|--|
|  | Present Value of Projected Serv<br>Obligation Cost<br>£'000 £'000 |       |  |
| 0.1% decrease in Discount Rate             | 71,535  | 1,873 |  |
| 0.1% increase in the Salary Increase Rate  | 70,564  | 1,812 |  |
| 0.1% increase in the Pension Increase Rate | 71,472  | 1,874 |  |

## Impact on the Council's Cash Flows

The contributions paid by the Council are set by the Fund Actuary at each triennial actuarial valuation, the most recent being 31 March 2022. The employer's contribution rate, over the period to 31 March 2023, has been stabilised.

Employer contributions payable to the scheme in 2023/24 are estimated to be £2.553m.

## NOTE 37 – CONTINGENT LIABILITIES

At 31 March 2023 the Council identified no material contingent liabilities.

## NOTE 38 – CONTINGENT ASSETS

At 31 March 2023 the Council has identified the following material contingent assets:

#### **Decent Homes Loans**

The Council has, for a number of years, been giving property owners loans to enable them to improve their homes to meet a decent standard. These loans have been registered with Land Registry and will only become

repayable, together with interest and a proportion of the increased property value, once the dwelling is sold or otherwise disposed of. The disposal and therefore repayment could be many years in the future. Loans outstanding as at 31 March 2023 are £496,000 (£501,000 at 31 March 2022).

## NOTE 39 – NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

## Key risks

The Council's activities expose it to a variety of financial risks. The key risks are:

- credit risk the possibility that other parties might fail to pay amounts due to the Council
- **liquidity risk** the possibility that the Council might not have funds available to meet its commitments to make payments
- **re-financing risk** the possibility that the Council might be required to renew a financial instrument on maturity at disadvantageous interest rates or terms
- market risk the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rate movements.

## Overall procedures for managing risk

The Council's overall risk management programme focuses on the unpredictability of financial markets, and seeks to minimise potential adverse effects on the resources available to fund services.

Risk management is carried out by a central treasury team, under policies approved by the Council in the Annual Treasury Management Strategy. The Council provides written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk, and the investment of surplus cash.

## Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers.

This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with the Fitch, Moody's and Standard & Poor's Credit Ratings Services. The Annual Investment Strategy also considers maximum amounts and time limits with a financial institution located in each category.

The credit criteria in respect of financial assets held by the Council are detailed below.

This Council uses the creditworthiness service provided by Link Group. This service uses a sophisticated modelling approach with credit ratings from all three rating agencies - Fitch, Moody's and Standard and Poor's, forming the core element. However, it does not rely solely on the current credit ratings of counterparties but also uses the following as overlays:

- credit watches and credit outlooks from credit rating agencies
- CDS spreads to give early warning of likely changes in credit ratings
- sovereign ratings to select counterparties from only the most creditworthy countries.

The full Investment Strategy for 2022/23 was approved by Council in March 2022 and is available on the Council's website.

Customers for goods and services are assessed, taking into account their financial position, past experience and other factors, with individual credit limits being set in accordance with internal ratings in accordance with parameters set by the Council.

The following analysis summarises the Council's maximum exposure to credit risk as at 31 March 2023. The table (composite defaults from Fitch & Moody's and Standard & Poor's) gives details of global corporate

finance average cumulative default rates for the period to December 2022. Defaults shown are by long term rating category on investments out to one year, which were the most commonly held investments during the year.

|                           | Credit Risk Rating | Gross Carrying<br>Amount | Potential Credit<br>Risk |
|---------------------------|--------------------|--------------------------|--------------------------|
|                           | %                  | £'000                    | £'000                    |
| 'AA' rated counterparties | 0.02               | 9,228                    | 2                        |
| 'A' rated counterparties  | 0.05               | 22,818                   | 11                       |
| Total                     |                    | 32,046                   | 13                       |

The Council maintains strict credit criteria for investment counterparties. As a result of these high credit criteria, we have maintained historical default rates as a good indicator under these current conditions. No credit limits were exceeded during the reporting period and the Council does not expect any losses from non-performance by any of its counterparties in relation to deposits.

The following analysis summarises the Council's maximum exposure to credit risk on other financial assets, based on experience of default, adjusted to reflect current market conditions:

|         | Amount at 31<br>March 2023<br>£'000 | Historical<br>experience of<br>default<br>% | Historical<br>experience<br>adjusted for<br>market<br>conditions at<br>31 March<br>2023<br>% | Estimated<br>maximum<br>exposure to<br>default and<br>uncollectability<br>at 31 March<br>2023<br>£'000 | Estimated<br>maximum<br>exposure at<br>31 March<br>2022<br>£'000 |
|---------|-------------------------------------|---|--|--|--|
|         | A                                   | В   | С  | (A x C)  |  |
| Debtors | 2,982                               | 0.59  | 0.59   | 18   | 16   |

No credit limits were exceeded during the reporting period and the Council does not expect any losses from non-performance by any of its counterparties in relation to deposits.

The Council does not generally allow credit for its customers, such that £723,390 of the £2.982m trade debtor balance is past its due date for payment. The past due but not impaired amount can be analysed by age as follows:

|                        | 31 March<br>2023<br>£'000 | 31 March<br>2022<br>£'000 |
|------------------------|---------------------------|---------------------------|
| Less than three months | 22                        | 117                       |
| Three to six months    | 81                        | 38                        |
| Six months to one year | 371                       | 237                       |
| More than one year     | 249                       | 364                       |
| TOTAL                  | 723                       | 756                       |

During the reporting period the Council held no collateral as security.

## Liquidity Risk

The Council manages its liquidity position through the risk management procedures above (the setting and approval of prudential indicators and the approval of the Treasury and Investment Strategy reports), as well as through a comprehensive cash flow management system, as required by the CIPFA Code of Practice. This seeks to ensure that cash is available when needed.

The Council has ready access to borrowings from the money markets to cover any day to day cash flow need, and the PWLB and money markets for access to longer term funds. The Council is also required to provide a

balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

The maturity analysis of financial liabilities (borrowing) is as follows:

|                     | 31 March<br>2023<br>£'000 | 31 March<br>2022<br>£'000 |
|---------------------|---------------------------|---------------------------|
| Less than one year  | 26                        | 26                        |
| More than ten years | 67,456                    | 67,456                    |
|                     | 67,482                    | 67,482                    |

Most trade and other payables are due to be paid in less than one year. The exceptions to this relate to car loans to staff and a loan to Castle Leisure which are due to be paid within five years.

## Refinancing and maturity risk

The Council maintains a significant debt and investment portfolio. Whilst the cash flow procedures are considered against the refinancing risk procedures, longer term risk to the Council relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer-term financial liabilities and longer term financial assets.

The approved treasury indicator limits for the maturity structure of debt and the limits placed on investments for greater than one year in duration are the key parameters used to address this risk. The approved treasury and investment strategies address the main risks and the treasury team address the operational risks within the approved parameters. This includes:

- monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and
- monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Council's day to day cash flow needs, and the spread of longer-term investments.

## Market Risk

*Interest Rate Risk* - The Council is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council, depending on how variable and fixed interest rates move across differing financial instrument periods. For instance, a rise in interest rates would have the following effects:

- borrowings at variable rates the interest expense charged to the Comprehensive Income and Expenditure Statement will rise
- borrowings at fixed rates the fair value of the borrowing will fall
- investments at variable rates the interest income credited to the Comprehensive Income and Expenditure Statement will rise
- investments at fixed rates the fair value of the assets will fall

Borrowings are not carried at fair value on the Balance Sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services and affect the General Fund Balance. Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in Other Comprehensive Income and Expenditure Statement.

The Council has a number of strategies for managing interest rate risk. The annual Treasury Management Strategy draws together the Council's prudential and treasury indicators and its expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set which

provides maximum limits for fixed and variable interest rate exposure. The treasury team monitors market and forecast interest rates within the year to adjust exposures appropriately. For instance, during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns; similarly the drawing of longer term fixed rate borrowing would be postponed.

If all interest rates had been 1% higher (with all other variables held constant) the financial effect would be:

|  | £'000 |
|--|-------|
| Increase in interest receivable on variable rate investments | 152   |
| Impact on Surplus or Deficit on the Provision of Services    | 152   |
| Share of overall impact credited to the HRA                  | 61    |

The approximate impact of a 1% fall in interest rates would be as above but with the movements being reversed.

Price Risk - The Council does not generally invest in equity share.

However, it does have a shareholding in Public Sector Partnership Services Ltd), a joint venture with East Lindsey District Council and Boston Borough Council. These shares have been elected/classified as Fair Value through Other Comprehensive Income, meaning that all movements in price will impact on gains and losses recognised in the Financial Instruments Revaluation Reserve.

It also holds an equity stake in the UK Municipal Bonds Agency and is the sole shareholder of Welland Homes Limited and South Holland Local Community Housing Interest Company. This equity is valued at fair value through other comprehensive income each year and full details are shown in Note 17 – Financial Instrument.

*Foreign Exchange Risk* - The Council has no financial assets or liabilities denominated in foreign currencies. It therefore has no exposure to loss arising from movements in exchange rates.

## NOTE 40 – TRUST FUNDS

The Council is custodian trustee for:

## IVO Day Care Centre

The Council holds and invests £10,000 on behalf of the trust. This is not held on the Council's Balance Sheet.

## Weston St Mary's Village Hall

The Council is a custodian trustee for the village hall. It has no liability for debts and is not responsible for the management of the trust property.

## Ayscoughfee Hall and Gardens (registered charity 515905)

The Council, as trustee, holds the deeds on behalf of the people of Spalding.

## Sir Halley Stewart Playing Field (registered charity 1084450)

Day to day running costs for Ayscoughfee Hall and Gardens and the Sir Halley Stewart Playing Field are included in the Council's Comprehensive Income and Expenditure Statement. Values placed on these assets, by an external RICS qualified valuer are shown below. They are not included in the Council's Balance Sheet.

Ayscoughfee Hall and Gardens £1,554,000 last revalued as at 31 March 2023. Sir Halley Stewart Playing Field £172,800 last revalued as at 31 March 2023.

|                                  | 2022/23              |                 |              |                      | 2021/22         |              |

## NOTE 41 – GOING CONCERN

#### Introduction and Accounting and Audit Requirement

The Council is required to compile its Statement of Accounts in accordance with the Code of Practice for Local Authority Accounting as published by the Chartered Institute of Public Finance and Accountancy (CIPFA).

The provisions in the 2022/23 Code section 3.4 (Presentation of Financial Statements) on the going concern accounting requirements, reflect the economic and statutory environment in which local authorities operate. These provisions confirm that, as authorities cannot be created or dissolved without statutory prescription, it would not be appropriate for their financial statements to be prepared on anything other than a going concern basis.

To demonstrate compliance with the Code and provide our external auditors with the necessary audit evidence, the Council completes an annual going concern assessment. The assessment is contained within this report, and the following areas have been considered as part of the assessment:

- a) Current Financial Position
- b) Medium Term Financial Plan Update
- c) Balance Sheet
- d) Cash Flow
- e) Governance Arrangements
- f) Regulatory and Control Environment applicable to the Council as a local authority

## **Current Financial Position**

#### General Fund

The Council over spent on the General Fund revenue budget in 2022/23 by £0.850m. As at 31 March 2023 the Council held a General Fund Balance of £2.078m and held Earmarked Reserves totalling £5.548m. The Earmarked Reserves balance has decreased by £3.989m during the year. The adequacy of reserves and balances and the ongoing requirement for specified earmarked reserves, is reviewed on a regular basis.

#### Housing Revenue Account (HRA)

The financial performance in 2022/23 resulted in a net under spend of £0.303m on the HRA revenue budget. As at 31 March 2023 the Council held an HRA Balance of £22.513m which was broadly in line with the revised budget. The level of adequate reserves and balances and the ongoing requirement for specified earmarked reserves, is reviewed on an annual basis.

The Section 151 Officer is satisfied that the Council's 2022/23 financial outturn for both General Fund and HRA, does not present any material uncertainties regarding the Council's ability to continue as a going concern and a robust plan of activity is in place to address the issues experienced in 2022/23.

#### Medium Term Financial Plan Update

The Council sets a five year Medium Term Financial Plan (MTFP) annually. An updated plan which includes budget proposals for 2024/25 alongside financial plans for the following four years was considered by Council on 29 February 2024. The financial position and the operating environment of the Council is actively

monitored throughout the year to ensure plans remains deliverable and a savings efficiency plan is monitored by the Senior Leadership Team, lead members and portfolio holders on a regular basis.

#### **Balance Sheet**

The Council's net assets as at the 31 March 2023 amounted to £210.610m and Usable Reserves totalled £45.277m. We are satisfied that there are no material liabilities or underlying issues regarding the strength of the Council's balance sheet which present any material uncertainties regarding the Council's ability to continue as a going concern.

#### Cash Flow

The Council maintains short and long term cash flow projections, and manages its cash, investments and borrowing in line with the Council approved Treasury Management Strategy. As at the 31 March 2023 the Council has long term borrowing commitments of £67.456m, held £32.046m in short term investments and had £6.459m in Cash and Cash Equivalents. The Council has adequate financial resources to meet its immediate financial obligations. We are satisfied that there are no significant issues regarding the strength of the Council's underlying cash flow which present any material uncertainties regarding the Council's ability to continue as a going concern.

#### **Governance Arrangements**

The most recent and comprehensive assessment of the council's governance arrangements is the Annual Governance Statement. The statement does not identify any significant issues with the council's governance arrangements.

#### Regulatory and Control Environment

The Council operates within a highly legislated and controlled environment. The Council is required to set a balanced budget each year considering robustness of the budget estimates and adequacy of reserves. The legal framework, central government control, the role undertaken by external audit as well as the statutory requirement in some cases for compliance with best practice and guidance published by CIPFA and other relevant bodies are other important factors.

## Material Uncertainties

The Council is aware that there is a requirement to consider any material uncertainties which would impact on the Councils ability to continue as a going concern.

We are satisfied that there are no material uncertainties which, under the Code of Practice on Local Authority Accounting framework, represent significant issues regarding the Council's ability to continue as a going concern, however this will continue to be reviewed regularly.

## SUPPLEMENTARY FINANCIAL STATEMENTS

## HOUSING REVENUE ACCOUNT (HRA) INCOME AND EXPENDITURE STATEMENT

| 2021/22<br>£'000 |   | 2022/23<br>£'000 |

| -                | Capital expenditure financed from Revenue Balances  | (2,254)          |
| (4,214)          | Transfers to the Major Repairs Reserve  | (5,017)          |
| (707)            | Application of Capital Grants to Capital Adjustment Account   | (13)             |
| 4,214            | Differences relating to changes in property values<br>Funding of depreciation from Capital Adjustment Account | 5,017            |
| (6,639)          | Reversal of Revaluation movement on HRA Property  | 483              |
| (7,449)          | Net additional amount required by statute to be debited or (credited) to the HRA Balance for the year         | (1,668)          |

The accompanying notes form an integral part of the Financial Statements.

#### NOTES TO THE HOUSING REVENUE ACCOUNT

#### NOTE 1 – PURPOSE OF HRA STATEMENT

The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. The Council charges rents to cover expenditure in accordance with the legislative framework; this may be different from the accounting cost. The increase or decrease in the year, on the basis on which rents are raised, is shown in the Movement on the Housing Revenue Account Statement.

## NOTE 2 – HOUSING STOCK

The Council was responsible for managing 3,739 dwellings at 31 March 2023 (3,764 at 31 March 2022). The stock is analysed below by number of bedrooms. The Council has an equity share in 28 shared ownership properties, with the Council's equity share being equivalent to 16 dwellings.

| Analysis of Housing Stock at 31<br>March 2023 | 1 Bed | 2 Bed | 3 Bed | 3+ Bed | Total |
|---|-------|-------|-------|--------|-------|
| HRA Housing Stock                             |       |       |       |        |       |
| Houses  | 14    | 340   | 1,421 | 14     | 1,789 |
| Bungalow                                      | 670   | 989   | -     | -      | 1,659 |
| Flats   | 110   | 153   | -     | -      | 263   |
| Shared Ownership                              | 1     | 15    | 12    | -      | 28    |
| Total   | 795   | 1,497 | 1,433 | 14     | 3,739 |

## NOTE 3 – RENT ARREARS

Rent arrears at 31 March 2023 amounted to £753,000 (£692,000 in 2021/22) and are analysed as follows:

|  | 31 March<br>2023<br>£'000 | 31 March<br>2022<br>£'000 |
|--|---------------------------|---------------------------|
| Rent Arrears Due From  |                           |                           |
| Residential - Current Tenants  | 369                       | 358                       |
| - Former Tenants   | 371                       | 321                       |
| Non Residential - Garages  | 13                        | 13                        |
| Total  | 753                       | 692                       |
| These arrears include all charges due from te charges and other charges. | nants: rents, s           | service                   |
| Allowance for bad debts  | (456)                     | (405)                     |

## NOTE 4 – ASSET VALUES

The Balance Sheet value of assets within the Council's HRA is shown below:

|  | 31 March<br>2023<br>£'000                                   | 31 March<br>2022<br>£'000                                   |
|--|---|---|
| Property, Plant and Equipment<br>Council Dwellings<br>Other Land and Buildings<br>Infrastructure – Housing Sewerage<br>Vehicles, Plant and Equipment<br>Surplus Assets<br>Community Assets | 201,841<br>283<br>201<br>410<br>642<br>46<br><b>203,423</b> | 193,815<br>283<br>225<br>366<br>668<br>46<br><b>195,403</b> |
| Non-operational assets<br>Assets Under Construction  | 170   | 161   |
| Intangible Non-Current Assets  | 227   | 358   |
| Assets Held For Sale   | 881   | 1,993   |
| Total  | 204,701   | 197,915   |

## NOTE 5 – VACANT POSSESSION

The vacant possession value is the Council's estimate of the total sum that it would receive if all the dwellings were sold on the open market. The Balance Sheet value is calculated on the basis of rents receivable on existing tenancies. These are less than would be obtainable on the open market, and the Balance Sheet value is therefore lower than the vacant possession valuation. The difference between the two values therefore shows the economic cost of providing housing at less than market value. The vacant possession value of dwellings within the HRA is shown below:

|                         | 2022/23<br>£'000 | 2021/22<br>£'000 |
|-------------------------|------------------|------------------|
| Vacant possession value | 486,637          | 464,959          |

## NOTE 6 – DEPRECIATION

|                                   | 2022/23<br>£'000 | 2021/22<br>£'000 |
|-----------------------------------|------------------|------------------|
| Depreciation                      |                  |                  |
| Council dwellings                 | 4,673            | 3,879            |
| Other Land and Buildings          | 4                | 4                |

## NOTES TO THE COLLECTION FUND STATEMENT

## NOTE 1 – PURPOSE OF COLLECTION FUND STATEMENT

The Collection Fund is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection from taxpayers and the distribution to local authorities and the Government of council tax and non-domestic rates.

## NOTE 2 – COUNCIL TAX RECEIVABLE

Council Tax income derives from charges raised according to the value of residential properties that have been classified into eight Valuation Bands (A to H). Individual charges are calculated by estimating the amount of income required to be taken from the Collection Fund by Lincolnshire County Council, Police and Crime Commissioner for Lincolnshire and South Holland District Council, together with the relevant Parish requirement.

This is then divided by the council tax base, i.e. the number of properties in each valuation band, converted to an equivalent number of band D dwellings and adjusted for discounts and exemptions.

The council tax base was calculated as follows:

| Band                         | No. of<br>properties<br>on<br>Valuation<br>List | No. of<br>chargeable<br>dwellings | Ratio | Band D<br>equivalent<br>dwellings |
|------------------------------|---|-----------------------------------|-------|-----------------------------------|
| A (with Disabled Relief)     |   | 32                                | 5/9   | 18                                |
| A                            | 16,119  | 12,032                            | 6/9   | 8,021                             |
| В                            | 9,277   | 7,919                             | 7/9   | 6,159                             |
| С                            | 10,294  | 9,223                             | 8/9   | 8,198                             |

| Н                            | 15  | 11                                | 18/9  | 22                                |
| Band D Equivalents           | 29,797  |                                   |       |                                   |
| Allowance for non-collection | on (1.35%)                                      |                                   |       | (404)                             |
| District Tax Base            |   |                                   |       | 29,393                            |

The basic amount of council tax for a band D property including an average parish charge,  $\pounds$ 1,940.56 (2021/22  $\pounds$ 1,855.51), is then multiplied by the ratio specified for the particular band to give an individual amount due.

## NOTE 3 – NON-DOMESTIC RATES RECEIVABLE

Under the arrangements for non-domestic rates, the Council collects rates for its area based on local rateable values (determined by the Valuation Office Agency, an executive agency of HM Revenue and Customs) multiplied by the multiplier (determined by the Government). For 2022/23 there are two multipliers, the non-domestic rating multiplier of 51.2p and the small business non-domestic rating multiplier of 49.9p.

The Council's total Non-Domestic Rates Rateable Value at 31 March 2023 was £61.352m (31 March 2022 £60.556m).

## NOTE 4 – NON-DOMESTIC RATES PROVISION FOR APPEALS

The Collection Fund provides for a provision for appeals against the Rateable Value set by the Valuation Office Agency (VOA) not settled at 31 March 2023.

|   | Business R<br>£'000 | ate Appeals<br>£'000 |

|   |                     | 672                  |
| Balance at 31 March 2023  |                     | (548)                |

## NOTE 5 - COLLECTION FUND DEFICIT/ (SURPLUS)

As at 31 March 2023, the net surplus on the Collection Fund is £2.855m (Net deficit £6.114m at 31 March 2022).

The Council Tax surplus is apportioned to the relevant precepting bodies based on the following year's Council Tax requirement. The Business Rates deficit relating to 2022/23 is apportioned to South Holland (40%), Central Government (50%) and Lincolnshire County Council (10%).

The balance on the Collection Fund is allocated as follows:

| 202            | 1/22                      |  | 202            | 2/23                      |
|----------------|---------------------------|--|----------------|---------------------------|

|                  | 11,265           | Cash and cash equivalents at the beginning of the reporting period                        |                  | 12,517           |
|                  | (4)              | Other movements   |                  | (9)              |
|                  | 12,517           | Cash and cash equivalents at the end of the reporting period                              |                  | 7,199            |

The accompanying notes form an integral part of the Financial Statements.

## South Holland Homes and Welland Homes

The Council is the sole owner of two subsidiary companies: South Holland Local Housing Community Interest Company ("South Holland Homes"), and Welland Homes Ltd ("Welland Homes"), holding 100% of the issued share capital in each. It therefore has control over both of these entities and is required to prepare group accounts, which reflect the financial position, financial performance and cash flows of the group.

## **Public Sector Partnership Services Limited**

PSPS Ltd was set up on 1 August 2010 by South Holland and East Lindsey District Councils, who transferred a number of their back office services to the company. On 1 April 2021, the Company gained an additional shareholder, Boston Borough Council. Each Council is required to incorporate the relevant proportion of PSPS Ltd's financial position into the Group Accounts using the equity method. For South Holland District Council, the relevant proportion is 30%.

## **Explanatory Notes to the Group Accounts**

Where figures in the group accounts differ materially from the Council's accounts, the relevant explanatory notes have been prepared on a consolidated basis. The notes below give information on the areas that have materially changed on consolidation of the group entities into the Council's accounts.

## 1. ACCOUNTING POLICIES

The financial statements of South Holland Homes and Welland Homes have been prepared in accordance with the Financial Reporting Standard 102 Section 1A - "The Financial Reporting Standard applicable in the UK and Republic of Ireland". There are no significant differences in the accounting policies of the subsidiary companies and the Council that would cause a material adjustment in the consolidation of the Group Accounts. Any

statutory adjustments between accounting and funding basis included in the Council's accounting policies do not apply to the subsidiary company.

Notes within the group accounts have not been provided except where there are material differences to those provided in the notes above.

## 2. GROUP INVESTMENT PROPERTY

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Group Comprehensive Income and Expenditure Statement:

| 2021/22<br>£'000 |  | 2022/23<br>£'000 |
|------------------|--|------------------|
| (488)            | Rental Income from investment property                     | (554)            |
| 244              | Direct operating expenses arising from investment property | 261              |
| (1,651)          | Net (gains)/losses from fair value adjustments             | (53)             |
| (1,895)          | Net (gain)/loss  | (346)            |

There are no restrictions on the Group's ability to realise the value inherent in its investment property or on the Group's right to the remittance of income and the proceeds of disposal.

The following table summarises the movement in the fair value of investment properties over the year.

| 2021/22<br>£'000 |   | 2022/23<br>£'000 |
|------------------|---|------------------|
| 9,005            | Balance at start of the year                    | 10,692           |
| 36               | Additions resulting from acquisitions           | 2,164            |
| -                | Transfers to/from Property, Plant and Equipment | -                |
| 1,651            | Net gains/(losses) from fair value adjustments  | (94)             |
| 10,692           | Balance at end of the year                      | 12,762           |

## Fair Value Hierarchy

Details of the Group's investment properties and information about the fair value hierarchy as at 31 March 2023 is as follows:

| Fair Value<br>Level 2<br>2021/22<br>£'000 |                                 | Fair Value<br>Level 2<br>2022/23<br>£'000 |
|---|---------------------------------|---|
| 2,146                                     | Commercial Industrial Units     | 2,468                                     |
| 8,546                                     | Residential Investment Property | 10,147                                    |
| 10,692                                    | Balance at end of the year      | 12,615                                    |

## Valuation Techniques Used to Determine Level 2 for Investment Properties

## Significant Observable Inputs – Level 2

The fair value of investment properties has been measured using two main approaches - the income method and the comparable method.

## 3. GROUP CASH AND CASH EQUIVALENTS

The balance of Group Cash and Cash Equivalents is made up of the following elements:

| 31 March<br>2022<br>£'000 |  | 31 March<br>2023<br>£'000 |
|---------------------------|--|---------------------------|
| 1,919                     | Bank current accounts  | 1,063                     |
| 10,598                    | Deposits with Banks on Instant Access  | 6,136                     |
|                           | Cash and Cash Equivalents categorised as   |                           |
| 12,517                    | Current Assets   | 7,199                     |
| -                         | Bank current accounts<br>Cash and Cash Equivalents categorised as<br>Current Liabilities | -<br>-                    |
| 12,517                    | Total Cash and Cash Equivalents  | 7,199                     |

## 4. ADDITIONAL INFORMATION

The notes that follow relating to each entity are produced to assist the reader's understanding of the relationship between the Council and the entity.

#### **Contingent Liabilities**

There are no contingent liabilities for 2022/23 relating to the interests in the companies and joint venture or in the entities themselves that are not disclosed elsewhere in the Accounts.

## 4.1 South Holland Local Housing Community Interest Company – South Holland Homes

South Holland Homes was established by the Council in 2008/09 for the purpose of accessing social housing grant from the Homes and Communities Agency. This was in order to provide affordable and social housing for the benefit of the local community. In 2009/10, 6 new properties were constructed. These are tenanted and managed by the Council.

The strategy for South Holland Homes is being reviewed and following any decisions taken, a business plan will be produced.

In 2022/23 the Council collected rent of £26,988 on behalf of the Company and charged management, support fees and other expenses of £9,274. There was an outstanding balance of £1,727 due to the Council at 31 March 2023 (£25,272 31 March 2022). There was an outstanding balance due to South Holland Homes from the Council of £2,595.00 (£2,493.31 March 2022).

## Retained Surplus/Deficit

In 2022/23 the company made a loss after tax of £5,730 (2021/22 profit of £94,631). This is included in the Group Comprehensive Income and Expenditure Statement.

## Assets and Liabilities

At 31 March 2023, South Holland Homes held fixed assets valued at £964,800 and current assets totalling £551,601. Liabilities consisted of short term creditors of £6,939 and long term creditors of £267,000 and a provision for a deferred tax liability of £79,351.

#### Commitments under capital contracts

At 31 March 2023 the company had no commitments under capital contracts (31 March 2022 nil).

## Audit fees

Accountancy and audit fees were incurred at a cost of £2,700.

## **Inter-organisation Balances**

Group accounting regulations require that inter-organisation balances be removed. The following balances were removed in 2022/23:

- Debtors £2,595 (2021/22 £2,493)
- Creditors £1,727 (2021/22 £8,791)

## Inter-organisation transactions

Group accounting regulations require that inter-organisation transactions be removed. The following transactions were removed in 2022/23:

- Rent £26,988 (2021/22 £25,924)
- Management and support fees and other expenses £25,081 (2021/22 £10,501)

Further information about the accounts of South Holland Homes is available from Council Offices, Priory Road, Spalding, Lincolnshire, PE11 2XE.

## 4.2 Welland Homes Ltd

During 2015/16 the Council established a wholly owned subsidiary company, Welland Homes Ltd, in order to meet a number of social and economic objectives including increasing housing supply in the area to address existing demand and meet the needs of a growing population. In 2016/17, 4 new build residential properties were purchased.

During 2017/18, Welland Homes purchased a further 11 new build residential properties. All 15 properties are rented to private tenants at market value. Welland Homes also purchased a piece of land for future residential development. The Council committed to providing financial support to Welland Homes in the form of a £1,393,261 loan facility, to be used to construct residential property. £187,676 of the loan facility was drawn down in 2017/18.

During 2018/19 work started on the building of a further 10 properties for rental to private tenants at market value, using the land purchased in 2017/18. £883,948 of the £1,393,261 loan facility was drawn down during the year to finance this project. A further 5 properties were purchased for rental to private tenants at market value. The Council committed to providing financial support in the form of a £719,983 loan facility, of which £466,771 was drawn down during the year

During 2019/20 the 10 properties started in 2018/19 were completed, and a further £255,384 of the £1,393,261 loan facility was drawn down. A further 5 properties were purchased for rental to private tenants at market value. The Council committed to providing financial support in the form of a £564,086 loan facility, of which £555,548 was drawn down during the year.

During 2020/21, Welland Homes Purchased a further 4 properties were purchased for rental to private tenants at market value. The Council committed to providing financial support in the form of a £500,136 loan facility, of which £461,791 was drawn down during the year. In respect of loans, there was a balance of £3,710,031 outstanding to the Council as at 31 March 2021 (£3,226,517 at 31 March 2020).

During 2021/22, Welland Homes did not purchase any further properties for rental. For the project purchased in 2020/21, the Council committed to providing financial support in the form of a £500,136 loan facility, of which £461,791 was drawn down during 2020/21 and £28,286.40 during 2021/22. In respect of loans, there was a balance of £3,738,318 outstanding to the Council as at 31 March 2022 (£3,710,031 at 31 March 2021).

During 2022/23, Welland Homes Purchased a further 7 properties for rental to private tenants at market value. The Council committed to providing financial support in the form of a £1,111,243 loan facility, of which  $\pounds$ 1,045,130 was drawn down during the year. As above, £28,286 was also drawn down in respect of the

previous years loan facility. In respect of loans, there was a balance of £4,783,448 outstanding to the Council as at 31 March 2022 (£3,738,318 at 31 March 2020).

The Council charged £131,142 interest to Welland Homes during the year, a further (£40,232) of expenses was recharged and capitalised. The Council also recharged expenses incurred on behalf of Welland Homes of £30,306 in the year.

#### Retained Surplus/Deficit

In 2022/23 the company made a loss after tax of £71,315 (2021/22 £783,269 profit). This is included in the group Comprehensive Income and Expenditure Statement. The majority of the fall in profits was due to the losses on property revaluations £76,223 loss and charitable donations made on behalf of Welland Homes of £114,960 (2021/22 £115,000).

#### Assets and Liabilities

At 31 March 2023, Welland Homes held fixed assets valued at  $\pounds$ 9,182,052 and current assets totalling  $\pounds$ 196,830. Liabilities consisted of short term creditors of  $\pounds$ 69,351, long term creditors of  $\pounds$ 4,783,448 and a provision for a deferred tax liability of  $\pounds$ 326,735.

#### Commitments under capital contracts

At 31 March 2023 the company had no commitments under capital contracts. (31 March 2022 nil).

## Audit fees

Accountancy and audit fees were incurred at a cost of £4,620.

#### Inter-organisation balances

Group accounting regulations require that inter-organisation balances be removed. The following balances were removed in 2022/23:

- Creditors: Amounts falling due within one year (£38,821) (2020/21 £504)
- Long term creditors £4,783,448 (2020/21 £3,738,318)

#### Inter-organisation transactions

Group accounting regulations require that inter-organisation transactions be removed. The following transactions were removed in 2022/23:

- Management and support fees and other expenses £25,529 (2021/22 £26,244)
- Loan Interest £131,142 (2021/22 £130,215)

Further information about the accounts of Welland Homes is available from Council Offices, Priory Road, Spalding, Lincolnshire, PE11 2XE.

## 4.3 Public Sector Partnership Services Limited

In 2022/23, the Company's statement of comprehensive income shows a surplus for the year of £12.248m (2021/22 £3.581m). Of this, the Council's proportion of £3.674m (2021/22 £1.074m) is included in the Group Comprehensive Income and Expenditure Statement. At 31 March 2023, the net worth of PSPS Ltd was £1.115m (2021/22 deficit (£11.093m)). South Holland's share of the net worth of £0.347m (2021/22 £3.328m) has been incorporated into the Group Balance Sheet.

PSPS Ltd operates from three primary locations at the offices of South Holland District Council in Spalding, East Lindsey District Council in Horncastle and Boston Borough Council in Boston.

From 2021/22, the Group Accounts also include the Council's share of Public Sector Partnership Services Ltd. It is accounted for as an associate using the equity method. In 2020/21 and earlier years, the shareholding was accounted for as a joint operation.

## **Voting Rights**

At 31 March 2022, South Holland held 3 seats out of 8 on the Board of Directors, therefore holding 37.5% of the voting rights of the company. This therefore provides the Council with significant influence over PSPS Ltd.

## **GLOSSARY OF TERMS**

## Accounting Period

This is the period of time covered by the accounts, normally twelve months commencing on 1 April. The end of the accounting period is the Balance Sheet date.

## **Accruals Basis**

The accruals principle is that income is recorded when it is earned rather than when it is received and expenses are recorded when goods and services are received rather than when the payment is made.

## **Actuarial Gains and Losses**

Actuaries assess financial and non-financial information by the Council to project levels of future pension fund requirements. Changes in actuarial deficits or surpluses can arise leading to a loss or gain because:

- events have not coincided with the actuarial assumptions made for the last valuation
- the actuarial assumptions have changed

## **Appointed Auditors**

Public Sector Audit Appointments Limited (PSAA) appoints external auditors to every local authority from one of the major firms of registered auditors. For South Holland this is Ernst and Young.

## **Balance Sheet**

This is a statement of the recorded assets, liabilities and other balances held at the end of the accounting period.

## Balances

The balances of the Council represent the accumulated surplus of income over expenditure on any of the funds.

## **Capital Adjustment Account**

The Account accumulates (on the debit side) the write-down of the historical cost of fixed assets as they are consumed by depreciation and impairments or written off on disposal. It accumulates (on the credit side) the resources that have been set aside to finance capital expenditure. The same process applies to capital expenditure that is only capital by statutory definition (e.g. Disabled Facilities Grants). The balance on this account thus represents timing differences between the amount of the historical cost of fixed assets that has been consumed and the amount that has been financed in accordance with statutory requirements.

## **Capital Expenditure**

This is expenditure on the acquisition of a non-current asset (fixed asset), or expenditure, which adds to, and not merely maintains, the value of an existing non-current asset.

## **Capital Receipts**

Income received from the sale of land or other capital assets, a proportion of which may be used to finance new capital expenditure, subject to the provisions contained within the Local Government Act 2003.

## **Carrying Amount**

The Balance Sheet value recorded of either an asset or a liability.

## **Cash Flow Statement**

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the financial year.

## Chartered Institute of Public Finance and Accountancy (CIPFA)

CIPFA is the leading professional accountancy body for public services

## **Collection Fund**

A fund administered by the Council showing the transactions of the billing authority (South Holland) in relation to the collection from taxpayers and the distribution to local authorities and the Government of council tax and non-domestic rates.

#### **Community Assets**

These are non-current assets that the Council intends to hold in perpetuity which have no determinable finite useful life and, in addition, may have restrictions on their disposal. Examples of community assets are parks and historical buildings.

#### **Contingent Liabilities or Assets**

These are amounts potentially due to or from individuals or organisations which may arise in the future but which at this time cannot be determined accurately and for which, provision has not been made in the Council's accounts.

#### **Council Tax**

This is one of the main sources of local taxation to local authorities. Council tax is levied on households within its area by the billing authority (South Holland) and the proceeds are paid into its Collection Fund for distribution to precepting authorities and for use by its own General Fund.

#### **Council Tax Requirement**

This is the estimated revenue expenditure on General Fund services that is required to be financed from council tax after deducting income from fees and charges, certain specific grants and any funding from reserves,

#### Creditors

Amounts owed by the Council for work done, goods received or services rendered, for which payment has not been made at the Balance Sheet date.

#### **Current Service Cost**

Current Service Cost is the increase in the present value of a defined benefit pension scheme's liabilities expected to arise from employee service in the current period, i.e. the ultimate pension benefits "earned" by employees in the current year's employment.

#### Curtailment

Curtailments will allow the cost of the early payment of pension benefits if any employee has been made redundant in the previous financial year

#### Debtors

These are sums of money due to the Council that have not been received at the Balance Sheet date.

## **Deferred Capital Receipts**

These represent capital income still to be received after disposals have taken place.

#### **Defined Benefit Scheme**

Pension schemes in which the benefits received by the participants are independent of the contributions paid and are not directly related to the investments of the scheme. The scheme may be funded or unfunded.

#### Ministry of Housing, Communities and Local Government (MHCLG)

The CLG is a key Department within Central Government with the overriding responsibility for determining the allocation of general resources to local authorities.

#### Depreciation

This is the measure of the wearing out, consumption, or other reduction in the useful economic life of a fixed (non-current) asset.

#### **Earmarked Reserves**

The Council holds a number of reserves earmarked to be used to meet specific, known or predicted future expenditure.

#### **Events after the Balance Sheet Date**

Events after the Balance Sheet date are those events, favourable or unfavourable, that occur between the Balance Sheet date and the date when the Accounts are authorised for issue.

#### **Exceptional Items**

Material items deriving from events or transactions that fall within the ordinary activities of the Council but which need to be disclosed separately by virtue of their size and/or incidence, to give fair presentation of the accounts.

#### **External Audit**

The independent examination of the Council's activities and accounts to ensure that the accounts have been prepared in accordance with legislative requirements and proper practices and to ensure the Council has made proper arrangements to secure value for money in its use of resources.

#### Expenditure

This is amounts paid by the Council for goods and services rendered of either a capital or revenue nature. This does not necessarily involve a cash payment since expenditure is deemed to have been incurred once the goods or services have been received even if they have not been paid for.

#### Fair Value

The fair value of an asset is the price at which it could be exchanged in an arm's length transaction less, where applicable, any grants receivable towards the purchase or use of the asset.

#### **Finance Lease**

A finance lease is a lease that transfers substantially all of the risks and rewards of ownership of a fixed asset to the lessee.

#### **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. The term 'financial instrument' covers both financial assets and financial liabilities and includes Investments, trade receivables and trade payables.

#### **General Fund**

This is the main revenue fund of the Council and includes the net cost of all services financed by local taxpayers and Government Grants.

#### Heritage Assets

A tangible asset with historical, artistic, scientific, technological, geophysical or environmental qualities that is held and maintained principally for its contribution to knowledge and culture.

#### Housing Revenue Account

Local authorities are required to maintain a separate account – the Housing Revenue Account – which sets out the expenditure and income arising from the provision of Council housing. Other services are charged to the General Fund.

#### Impairment

A reduction in the value of a fixed asset to below its carrying amount on the Balance Sheet. Examples of factors which may cause such a reduction in value include general price decreases, a significant decline in a fixed asset's market value and evidence of obsolescence or physical damage to the asset.

#### Income

These are amounts due to the Council for goods supplied or services rendered of either a capital or a revenue nature. This does not necessarily involve a cash payment. Income is deemed to have been earned once the goods or the services have been supplied even if the payment hasn't been received (in which case the recipient is a debtor to the Council).

#### Infrastructure Assets

Fixed assets belonging to the Council that cannot be transferred or sold, on which expenditure is only recoverable by the continued use of the asset created. Examples are highways, footpaths and bridges.

#### Intangible Assets

These are assets that do not have physical substance but are identifiable and controlled by the Council. Examples include Software Licenses.

#### **Internal Borrowing**

The use of internal cash balances to pay for the unfinanced element of capital expenditure rather than taking on additional external borrowing.

#### **International Financial Reporting Standards**

These are defined Accounting Standards that must be applied by all reporting entities to all Financial Statements in order to provide a true and fair view of the entity's financial position, and a standardised method of comparison with Financial Statements of other entities.

#### Joint Operation

A joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement.

#### Liabilities

These are amounts due to individuals or organisations which will have to be paid at some time in the future. Current Liabilities are usually payable within one year of the Balance Sheet date.

#### Materiality

The concept that the Accounts should include all amounts which, if omitted or mis-stated, could be expected to lead to a distortion of the Financial Statements and ultimately mislead a user of the accounts.

#### National Non-Domestic Rates (Business Rates)

This is one of the main sources of local taxation to local authorities. NDR is the levy on business property, based on a national rate in the pound applied to the rateable value of the property.

#### Net Book Value (NBV)

The amount at which fixed assets are included in the Balance Sheet, i.e. their historical costs or current value less the cumulative amounts provided for depreciation.

#### Net Debt

Net debt is the Council's borrowings less cash and liquid resources.

#### Net Realisable Value (NRV)

NRV is the open mark value of the asset in its existing use (or open market value in the case of non-operational assets) less the expenses to be incurred in realising the asset.

#### **Non-Current Assets (Fixed Assets)**

Assets that yield benefits to the Council and the services it provides for a period of more than one year. Examples include land, buildings and vehicles.

#### **Non-Operational Assets**

Fixed assets held by the Council but not directly occupied, used or consumed in the delivery of services. Examples are investment properties, assets under construction or assets surplus to requirements pending sale or redevelopment.

#### **Operational Assets**

Fixed assets held and occupied, used or consumed by the Council in the pursuit of its strategy and in the direct delivery of those services for which it has either a statutory or discretionary responsibility.

#### **Operational Boundary**

This reflects the maximum anticipated level of external debt consistent with budgets and forecast cash flows.

#### **Operating Lease**

This is a type of lease usually for computer equipment or office furniture and equipment where the balance of risks and rewards of holding assets remains with the lessor. The assets remain the property of the lessor and the lease costs are revenue expenditure to the Council.

#### Precept

The amount levied by various authorities that is collected by the Council on their behalf. The precepting authorities in South Holland are Lincolnshire County Council and the Police and Crime Commissioner for Lincolnshire.

#### **Prior Year Adjustment**

These are material adjustments which are applicable to an earlier accounting period arising from changes in accounting policies or from the correction of fundamental errors. This does not include normal recurring corrections or adjustments of accounting estimates made in prior years.

#### Provision

An amount put aside in the accounts for future liabilities or losses which are certain or very likely to occur but the amounts or dates of when they will arise are uncertain.

#### Public Works Loan Board (PWLB)

A Central Government Agency which provides loans, for one year and above, to Councils at interest rates only slightly higher than those at which the government can borrow itself.

#### **Related Parties**

Related parties are Central Government, other Local Councils, precepting and levying bodies, subsidiary and associated companies. Related parties are deemed to include the Council's elected members, the Chief Executive and its Directors. For individuals identified as related parties, the following are also presumed to be related parties:

- members of the close family, or the same household; and
- partnerships, companies, trusts or other entities in which the individual or member of their close family
  or the same household has a controlling interest.

#### Remuneration

All sums paid to or receivable by an employee and sums due by way of expense allowances (as far as those sums are chargeable to UK income tax) and the money value of any other benefits received. Pension contributions payable by the employer are excluded.

#### Reserves

The accumulation of surpluses, deficits and appropriations arising from previous financial years. Reserves can either be usable; that is, available to meet the Council's future expenditure plans and unusable; that is, those maintained purely for accounting purposes.

#### **Revaluation Reserve**

The Reserve records the accumulated gains on the fixed assets held by the Council arising from increases in value as a result of inflation or other factors (to the extent that these gains have not been consumed by subsequent downward movements in value).

#### **Revenue Expenditure**

Expenditure incurred on the day-to-day running of the Council. This mainly includes employee costs, general running expenses and capital financing costs.

#### **Revenue Expenditure Funded From Capital under Statute (REFCUS)**

Expenditure incurred in year that may be capitalised under statutory provision but that does not result in the creation of a non-current asset that has been charged as expenditure to the Comprehensive Income and Expenditure Statement.

#### **Revenue Support Grant**

A grant paid by Central Government towards the cost of providing General Fund services.

#### **Service Potential**

Future benefits that an asset is expected to bring to the Council.

#### **Treasury Management**

This is the process by which the Council controls its cash flow and its borrowing and lending activities.

**Treasury Management Strategy** A strategy prepared with regard to legislative and CIPFA requirements setting out the framework for treasury management activity for the Council.

#### ANNUAL GOVERNANCE STATEMENT For the Year Ended 31 March 2023

#### Scope of responsibilities

South Holland District Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, that public money is safeguarded, properly accounted for, used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, South Holland District Council is also responsible for ensuring that there is a sound system of governance which facilitates the effective exercise of its functions, guarantees that the financial and operational management of the authority is effective and includes arrangements for the management of risk.

The Council has approved and adopted a code of corporate governance, which is under review and will be concluded in 2023. This work will be to ensure it is consistent with the principles of the latest CIPFA / SOLACE Framework Delivering Good Governance in Local Government guidance.

This statement explains how South Holland District Council has complied with the code and meets the requirements of the Accounts and Audit Regulations 2015 in relation to consideration of the findings of a review of the system of internal control and approval and publication of an Annual Governance Statement.

## The purpose of the Governance Framework

The Governance Framework comprises the systems and processes, culture and values, by which the Council is directed and controlled and the activities through which it accounts to, engages with and leads its communities. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood and potential impact of those risks being realised, and to manage them efficiently, effectively and economically. It cannot eliminate all risk and can only provide reasonable and not absolute assurance of effectiveness.

The Governance Framework has been in place at South Holland District Council for the year ended 31 March 2023 and up to the date of approval of the Financial Statements.

## The Governance Framework

**Vision and Priorities** – the Council's ambition is to continue to increase the prosperity and wellbeing of residents and businesses, whilst striving to protect and enhance the district's environment and its unique and historic character. Council priorities are:

- To develop safer, stronger, healthier and more independent communities while protecting the most vulnerable,
- To have pride in South Holland by supporting the district and residents to develop and thrive,
- To provide the right services, at the right time and in the right way, and
- To encourage the local economy to be vibrant with continued growth.

**Quality of Services** - The Council has an established Performance Framework. The Framework for managing performance has been completely reviewed in light of changes to the business planning and shared management arrangements, with new performance measures also being developed to reflect the change in central government policy to move away from national targets to those that better identify with local requirements.

**Operational Governance -** The Council has produced an operational governance document whose purpose is to ensure the senior officers effectively manage the business of the Council. This document is reviewed regularly. The operational governance approach is wider than just SHDC and is used across the South & East Lincolnshire Councils Partnership. It covers the shared management officer led groups/boards which report to the Leadership Team, as required. Each group/board is supported with agreed terms of reference. Leadership Team manages the business of the Council, including escalation of corporate level issues risks and decisions. The groups/boards cover a wide range of areas.

South Holland District Council also participates in the Lincolnshire Counter-Fraud Partnership and regular updates are circulated within applicable departments and partner organisations to ensure controls are amended as necessary.

**Constitution and Responsibilities** - A comprehensive document setting out the Council's constitution exists which sets out the clearly defined structure for the Council's organisational and decision-making arrangements based upon a Cabinet/Executive model. It sets out how the Council operates, what matters are reserved for decision by the whole Council, the responsibilities of the Cabinet and the matters reserved for collective and individual decisions, and the powers delegated to panels, committees and community councils. In essence the different roles can be summarised as follows:

- Council decides upon certain policies and other specialist functions that cannot be delegated elsewhere including the setting of the council tax,
- A limited number of policies are reserved to the Council, either by the Council's own choice or because they are allocated by law (together these are known as the Policy Framework). Subject to any specific legislative requirements, the Cabinet is responsible for all policies outside of the Policy Framework,
- For its most significant decisions, the Cabinet works to a Key Decision Plan of forthcoming decisions for up to twelve months ahead,
- All decisions, along with formal minutes of all committee meetings are published on the Council's website,
- The work of the Cabinet and the Council as a whole is supported by the Overview and Scrutiny Committees through the Policy Development Panel and the Performance Monitoring Panel and associated task and finish groups. The Panels scrutinise decisions made by the Cabinet, and those delegated to officers, and review services provided by the Council and its partners. The Panels have developed their own work programme for the review of Council services in addition to scrutinising the work of the Cabinet. The Panels can 'call-in' a decision which has been made by the Executive but not yet implemented,
- The Governance and Audit Committee is responsible for monitoring the effective development and
  operation of corporate governance in the Council. It provides independent assurance of the adequacy of
  the governance arrangements, including the risk management framework, the associated control
  environment, financial and non-financial performance including exposure to risk and potential threats to
  the control environment. It also has the responsibility for the approval of the Statements of Accounts and
  review of treasury policy and outturn.
- Separate committees exist for Planning and Licensing.
- Delegation arrangements to committees, the Executive and officers are set out in detail within the constitution, and
- Regular meetings take place between relevant senior officers and members of the Council to discuss and propose policy.

The constitution also includes sections on standing orders, financial regulations and conduct of meetings. The constitution as a whole is reviewed periodically with interim updates as and when appropriate. A complete review of the constitution was carried out in 2015/16 to ensure that it remains relevant and effective. Formal adoption of the revised constitution was made at Full Council in January 2016 and there is a standing item at Full Council for any minor updates to be made. The Constitution was updated in 2021/22 to reflect decisions taken by the Council in relation to the South and East Lincolnshire Councils Partnership. A full review is currently underway in 2024/25.

*Effective leadership* - The Constitution sets out roles and responsibilities for the Council and its standing committees, as well as the Leader, Cabinet and Portfolio Holders. All working groups have clear terms of reference for their work in supporting policy development and progress monitoring. Roles and responsibilities

of Councillors are defined in both generic and specific job descriptions that have been tested through consultation and based on a recommended national model with some additional local interpretation. A clear Officer/Member delegation framework exists to provide clarity on the powers entrusted in those appointed to make decisions on behalf of the Council.

The Council has adopted a standard form of committee report which seeks to ensure that all matters coming to Councillors for decision have first received consideration in respect of all appropriate and necessary, legal, financial and professional matters, as well as risk. This has been expanded to include coverage of technical matters such as carbon footprint. The Council updates and publishes Key Decision and Exempt Decision Plans. These record all key and exempt decisions the Executive expects to make in the next twelve months.

**Policies, Procedures, Laws and Regulations** - The statutory officers of South Holland District Council are the Head of the Paid Service, the Monitoring Officer and the Section 151 Officer. They are responsible for staff and ensuring the Council acts within the law and in accordance with established policies and procedures. The Section 151 Officer is specifically responsible for the proper discharge of financial arrangements and must advise the Council where any proposal might be unlawful or where expenditure is likely to exceed resources, and to ensure that the authority's financial management arrangements conform to the governance requirements as set out in the Chartered Institute of Public Finance and Accountancy statement on the Role of the Chief Financial Officer (2010).

Compliance with established policies, procedures, statements, laws and regulations is ensured by the requirements of the constitution to give the Chief Executive, the Monitoring Officer and the Chief Finance Officer (Deputy Chief Executive (Corporate Development) & S151) the opportunity to comment on every report submitted to a decision-making body. The Monitoring Officer has a legal duty to ensure the lawfulness and fairness of decision making.

The Council understands its legal powers and limitations and seeks to ensure that it acts lawfully at all times. The Monitoring Officer is responsible for advising the Council if any proposal, decision or omission is likely to give rise to unlawfulness or maladministration.

The statutory officers are also members of the Council's Leadership Team.

Service Managers are responsible for ensuring that legislation and policy relating to service delivery and health and safety are implemented in practice.

**Working relationships** - The Constitution of the Council sets out several delegated authorities for Officers, including the conditions of such delegations. Other delegations may also be granted separately from the constitution and these are recorded in a log maintained by the Monitoring Officer.

All staff have conditions of employment and job descriptions that set out their roles and responsibilities. There is also a competency framework. The framework defines the competencies required of each post in the Council so that individuals can be assessed against them to identify suitability for the posts, areas of strength and areas for further development. Competencies can be used to measure how well we do things and are essential to the performance management process. The competencies provide consistent standards across the organisation and help to identify the types of behaviour the Council wishes to promote, develop and engender.

**Codes of Conduct** - The Council's constitution contains codes of conduct applying to members as well as a protocol for councillor/officer relationships. These have enabled the authority to develop an inclusive culture over the years, whereby members and officers work together to deliver the Council's vision and quality services to its residents. The codes include reference to the need to declare any interests which may conflict with the individual's role at the Council and such registers for councillors and officers are maintained by the Council.

**Complaints** - The Council has in place a Whistle-blowing Policy as well as a compliments and complaints procedure that ensure that any referrals are fully investigated, properly resolved and learning applied to service delivery. Systems and procedures have been enhanced to ensure that complaints/service requests are a cornerstone of the management approach of the Council.

**Partnership working -** The Financial Regulations of the Council set out the principles of effective management of resources when working in partnership, including the setting of clear objectives and management of financial and delivery risks.

*Group Companies* - Public Sector Partnership Services Ltd, (PSPS), formerly Compass Point Business Services (East Coast) Ltd. (CPBS) was set up by South Holland and East Lindsey District Councils in August 2010 to deliver human resources, customer services, ICT, revenues and benefits, and financial services to the two authorities. A review of the PSPS contract took place to include Boston Borough Council as a shareholder with effect from 1st April 2021.

South Holland District Council owns a 28% stake in the company with the remaining share being owned by East Lindsey District Council (48%) and Boston Borough Council (24%).

The PSPS Board of Directors includes Councillors and Chief Officers of both authorities. The company has regularly reported its progress on performance of services to the Council client liaison lead, with quarterly shareholder performance being subject to Scrutiny.

An company business plan is approved by Council. The ongoing governance arrangements are set out in the Service Level Agreement (SLA), and a Management Agreement is in place that sets out the partnership arrangements, principles and parameters.

The Council is the sole shareholder of South Holland Local Housing Community Interest Company. The board of directors are responsible for preparing the Director's report, financial statements and governance arrangements for the company.

Welland Homes Limited was set up during 2015/16 and became fully operational in 2016/17 with the Council as the sole shareholder. The Board of Directors is responsible for preparing the Director's report, Financial Statements and governance arrangements for the company. Officers of the Council work within this framework to deliver services to the company and Welland Homes operates within the governance arrangements of the Council when delivering services to the authority.

## Transparency

The Council strives to be publicly accountable and to present its work with openness and transparency. As such, the authority routinely publishes data on its website in accordance with the requirements of the Local Government Transparency Code 2015. In addition, Committee reports, minutes and decision records are all available on the website. The Council also applies the principle that everything is publicly available unless there is a substantial reason for not doing so.

## Functions and roles

## Financial management

The Deputy Chief Executive (Corporate Development) & S151 is designated the responsible officer for the administration of the financial affairs of the Council under S151 of the Local Government Act 1972. This includes ensuring the lawfulness and financial prudence of decision making; providing advice, particularly on financial impropriety, publicity and budget issues, giving financial information; and acting as the Council Money Laundering Reporting Officer. The Section 151 Officer is specifically responsible for the proper discharge of financial arrangements and must advise the Council where any proposal might be unlawful or where expenditure is likely to exceed resources, and to ensure that financial management arrangements conform to the governance requirements as set out in the Chartered Institute of Public Finance and Accountancy statement on the role of the Chief Financial Officer.

The Council operates a strong financial management framework to ensure the lawful and best economic use of the Council's assets. Financial regulations are supported by effective financial procedures underpinned by the work of internal and external audit. Financial regulations and contract procedure rules are periodically reviewed to ensure they remain effective in supporting sound internal control.

#### Risk Management

The Council's risk management arrangements are embedded in its Corporate Risk Management Strategy and risk registers. South Holland District Council has developed its performance system to maintain a register of the key strategic risks it considers it faces along with the actions planned or taken to mitigate these risks, which have been monitored by the Performance Clinic and the Governance and Audit Committee on a regular basis. Risk logs are also being used to manage the risks for key projects and partnerships, along with other project management techniques, and all key decisions are required to be assessed for risks. All committee reports contain a mandatory risk section to ensure that members can consider the risks and opportunities of any recommendations or options, so that the consideration of risk forms an integral part of all decision making.

#### Data Protection

Following the implementation of the General Data Protection Regulation (GDPR) 2016/679 and Data Protection Act 2018 our policies, practices and procedures have been updated and continue to be updated to reflect changes and guidance as it is issued. Data Protection continues to be a priority and is being overseen by the Assistant Director - Governance. Progress is reported to the Leadership Team periodically.

#### Councillor and officer development

The Council has a Councillor Development Working Group and provides opportunities to all members to undertake appropriate Development, both on first election and on an on-going basis. In addition, certain regulatory committees require member training before undertaking that role.

The Performance Development Review process (appraisals) is a key strand of our workforce development and improves communications and ensures employees have clear objectives and an understanding of how they contribute to corporate priorities and goals. All Council employees have a minimum of one annual Performance Development Review which is followed up and monitored by the reviewer and reviewee throughout the year. PDR's include a process for identifying training and development needs, setting objectives, providing a mechanism for feedback.

There is a strong working relationship between Councillors and staff, and the Council aims to ensure that they have the skills, resources and support needed to perform effectively in their roles. The Council has an embedded induction process and a continuous development ethos.

Senior officers are also expected to keep abreast of developments in their profession at all times and attend suitable training to maintain their professional competency.

#### Community engagement

The Council is committed to listening to and involving the community and consistently demonstrates that it does, therefore both the Medium Term Financial Strategy and the Corporate Plan went out for public consultation prior to adoption. Our consultation processes provide useful feedback on services; public perceptions and quality of life. The Housing Service has in place a Tenant Engagement Framework.

#### **Review of effectiveness**

South Holland District Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the Assistant Directors within the authority who have responsibility for the development and maintenance of the governance environment, the Internal Audit Consortium Manager's annual report, and also by comments made by the external auditors and other review agencies and inspectorates. The review of effectiveness covers all group activities undertaken by the Council with other partners.

*The Council* approves and keeps under regular review all the strategic policies which it reserves for its own consideration, including:

- The Constitution,
- The Corporate Business Plan,
- The Medium Term Financial Plan and Capital Strategy,
- The Licensing Authority Policy Statement,
- The Corporate Asset Management Strategy,
- The Treasury Management and Investment Strategies, and
- The Gambling Policy.

## The Leader

• Executive powers vest in the Leader and the Leader has approved delegations to the Cabinet and Executive Members (Portfolio Holders). The Leader exercises executive functions which have not been expressly delegated to Cabinet or the other Executive Members.

*The Cabinet* is appointed by the Leader and carries out the executive functions of the Council as required by legislation and the Council's constitution and accordingly:

- Takes executive decisions,
- Approves policies other than those reserved for Council, and
- Recommends to Council policies and budgetary decisions.

*The Executive* consists of the Leader and Executive Members (Portfolio Holders), who together are the Cabinet and most day to day 'executive' decisions fall to the Executive under the law.

**The Overview and Scrutiny Committees** may undertake any work relating to the four key principles of scrutiny as follows:

- Hold the Executive to Account (Call-In),
- Performance Management,
- Assist Policy Development and Review, and
- Internal/External Scrutiny.

## The Governance and Audit Committee

- Considers and approves audit plans,
- Considers audit reports,
- Comments on the work of audit in addressing the authority's significant risks,
- Satisfies itself that the control and governance arrangements have operated effectively by considering audit and risk reports and undertaking ad hoc reviews,
- Annually self-assess themselves against best practice guidance to check their effectiveness,
- Approves the Statements of Accounts,
- Reviews treasury policy and performance, and
- Consider standards issues.

**Leadership Team (LT).** LT review corporate responsibility, direction and delivery of corporate plan, direction and delivery of resources, horizon scanning and key controls. LT receives regular reports from a variety of governance boards which have been set up to manage corporate performance and risk. These boards cover performance and risk, employee relations, safeguarding, health and safety, emergency planning, and finance, as well as the statutory officers group. There are a number of other groups covering cross cutting themes and specific services.

**Managers** have carried out self-assessments of the processes and controls they have in place to allow them to achieve their service objectives. These are reviewed by Finance to provide assurance that effective controls were in place.

External Auditors review the Council's arrangements for:

- Preparing accounts in compliance with statutory and other relevant requirements,
- Ensuring the proper conduct of financial affairs and monitoring their adequacy and effectiveness in practice, and
- Managing performance to secure economy, efficiency and effectiveness in the use of resources.

External audit is provided by Ernst & Young LLP (EY). Following the annual audit EY issues an Audit Results Report to the Governance and Audit Committee covering the opinion on the financial statements, value for money and the Whole of Government Accounts submission. The Council takes appropriate action where improvements need to be made.

#### Internal Audit

Until 30th September 2022, the S151 Officer has provided the Internal Audit service through a contract with Eastern Internal Audit Services Ltd which monitors the effectiveness of the control environment and reports specific recommendations to the senior management and the Governance and Audit Committee. From 1st October 2022, Internal Audit is delivered through Lincolnshire County Council with a principal auditor allocated to South Holland District Council.

**The Head of Internal Audit** provides an independent opinion on the framework of governance, risk management and control, which is incorporated in the Annual Report and Opinion. The Head of Internal Audit also places reliance on the outcomes of the work undertaken by East Lindsey District Council in relation to the services provided by Public Sector Partnership Service Ltd.

The internal audit conclusions are scored as either Substantial, Reasonable, Limited or No assurance by internal audit.

From the work undertaken by Internal Audit during the year, the Head of Internal Audit provides an opinion on the effectiveness of South Holland District Council's arrangements for governance, risk management and control; for the 2022/23 financial year the opinion concluded:

- Governance performing adequately
- Risk performing well
- Internal Control performing adequately
- Financial Control improvement needed

During 2022/23 a total of 14 audits have been reported in Appendix 1 of the Annual Report. There were three indicative Limited Assurance opinions: - Key Controls Control Account Reconciliations - Key Controls Accounts Receivable - Key Controls ICT Project Management. There were no Low Assurance opinions for 2022/23.

#### Significant Governance Issues

All issues raised are subject to action plans to improve the control environment.

The following items were identified from the internal audit Annual Opinion in 2021/22 and the progress to date is set out in the table below.

| Action   | Lead  | Status  |
|--|---|---|
| Implementation of outstanding recommendations  | Assistant Director –                              | All implemented except one  |
| from 2019/20 private sector housing report and a   | Wellbeing &                                       | recommendation relating to  |
| significant improvement in the control framework   | Community   | Empty Homes as agreed by  |
| in this area   | Leadership  | G&A<br>Completed  |
| Implementation of the final recommendation from<br>the Corporate Health and Safety audit (relating to<br>Actions arising from H&S Audits / Inspections be<br>recorded and followed up through to conclusion) | PSPS – Health and<br>Safety                       | Completed   |
| Covid-19   | Senior Management<br>Team/S151 Officer            | Completed – business as<br>usual                                      |
| Shared management - review of internal<br>governance arrangements to reflect the end of the<br>shared management arrangements with<br>Breckland  | Senior Management<br>Team (SMT) / S151<br>Officer | Completed   |
| Formation of South & East Lincolnshire Councils Partnership  | SMT / S151 Officer                                | Completed – business as<br>usual and partnership<br>scrutiny in place |

The following items have been identified, from the internal audit Annual Opinion in 2022/23, for inclusion in this Annual Governance Statement and regular reporting to Governance and Audit Committee.

| Action   | Lead                       | Timescale  |
|--|----------------------------|--|
| We are recommending that actions to address financial capacity<br>and capability are included in the AGS and results are regularly<br>reported to the Governance and Committee.  | S151 Officer<br>CFO - PSPS | In AGS and to G&A<br>meetings<br>throughout the year |
| We are recommending that significant governance issues raised in<br>the Annual Governance Statement and External Audit actions are<br>monitored and progress is regularly reported in an action plan to<br>the Governance and Committee. | AD –<br>Governance         | To G&A meetings throughout the year                  |

## Certification

We are satisfied that appropriate arrangements are in place to address improvements identified in our review of effectiveness. Progress on these improvements and mitigation of risks will be monitored by the Leadership Team and Governance and Audit Committee through the year and be considered in our next annual review.
