Guidance Notes for Students

The basic Council Tax bill for any property is made up of a 50% property charge and a 50% charge based on the assumption that there are 2 adults over the age of 18 who live in the property. Therefore, when there is no one living at a property, there will be a discount of 50% and where there is only 1 resident in the property a 25% discount will apply. If there are 2 or more residents there will be no reduction.

When counting the number of residents, certain types of persons are not counted (disregarded) and a discount may apply. A person will be disregarded if he or she is a full time student but note that where there are at least 2 residents in addition to the student, no discount will be given. Where all the residents of a property are full time students, the property will be exempt from Council Tax and there will be no charge to pay, but this exemption has to be applied for.

To be treated as a student for Council Tax purposes a person must be in one of the following groups:

Group 1 - Aged under 20 and studying a course of further education which:

- Is at least 3 months long and
- The tuition and study is normally carried out between 8.00am and 5.30pm and
- Is not a correspondence course or evening class and
- Requires attendance of at least 12 hours per week for tuition, instruction or supervised study and
- Is not a day release course from work.

Group 2 - Attending a University, College or other Prescribed Education Establishment and studying a full time course which:

- Lasts for an academic year (or a calendar year if the college does not have academic years) and
- Requires the student to attend for at least 24 weeks of a year and
- Requires the student to study/receive tuition for at least an average of 21 hours per week during those 24 weeks.

Group 1 students are usually 6th form students or college students studying for 'A' Levels, or other further education courses which are equal to or above 'A' Level standard (but are not a course of higher education). Courses can be combined to meet the 12 hours of study per week rule.

Group 2 students are usually students attending degree courses at Universities or Teacher Training colleges but can include many other types of further and higher courses of education. However, courses cannot be combined to meet the 21 hours of study per week rule.

Please contact the Council Tax office on 01775 761161 if you wish to discuss whether a resident in your property may qualify as a student for Council Tax purposes.

If you receive a saving on your bill because a student lives in your property you are required by law to inform us of a relevant change in circumstances. Examples of changes that will affect your bill are:

- The student withdraws from their course
- The student changes from a full-time course to a part-time course
- The student changes to a shorter course
- The number of people living in your property changes
- A person living at the property reaches the age of 18.

If you are not sure if a change of circumstance affects your Council Tax, please always ring the Council Tax Office on 01775 761161 to check.
